Planning For Property Success

Andrew Martin Duncan King

Planning For Property Success:

Planning for Property Success Andrew Martin Duncan King, 2003-09 This book takes readers through the necessary steps to establish a goal for their property investments. It shows how to analyse their current situation, present alternative strategies that are available to them, and how to put all these factors together to form a realistic and personalised plan for them to follow. The core of the book examines and explains the six key strategies to follow so the reader's goals can be achieved. The six strategies relate to the choice of property investment: an ordinary property, a bargain property, a fixer-upper property, a development property, a pay-off debt property, and a borrow and never pay-off property. Examples of how each strategy works, its good and bad points, who it would suit, real-life examples, and implementation procedures/action plans are included. Andrew King has been a long-term committee member of the Auckland Property Investors Assn and is its current president. He established the national publication RESIDENTIAL PROPERTY INVESTOR magazine and was its editor until 2003. He speaks regularly at property investment seminars, has written for several magazines and newspapers, and is often sought by radio and television to share his knowledge on property investment matters. Andrew is the co-author of the bestseller THE COMPLETE GUIDE TO RESIDENTIAL PROPERTY IN NEW ZEALAND. [Embrace Property: The key secrets to property success](#)

[Your Property Success with Renovation](#) Jane Slack-Smith, 2012-04-27 The ultimate guide to investing in property and making a million. Everyone's looking to get rich, and a lot of those people are looking at investing in property as the way to get there. But watch out: making money in real estate isn't always as easy as it might look. At least not without Your Property Success with Renovation in hand. That is written by Jane Slack-Smith, a true investment guru who's put together her own multi-million-dollar property portfolio. This is the ultimate guide to making the housing market work for you. Loaded with no-nonsense advice to help you avoid the traps that so many would-be real estate investors fall into, Your Property Success with Renovation introduces a unique three-pronged low-risk investing strategy. Rather than focusing on fast money, the book encourages a low-risk plan: find an area with above-average capital growth, buy below market value, and build value through renovation that will help you build a strong, profitable real estate portfolio. Introduces The Trident, a new way of approaching investing in real estate that focuses on low risks and high rewards, not fast money. Written by real estate portfolio expert Jane Slack-Smith, who transformed an initial investment of 45k into a multi-million-dollar fortune using the techniques outlined in this book. Shows you how to get the most out of the real estate market by emphasizing the value of property renovation. With just two investment properties and one renovation, the average Australian can put a million dollars in the bank within fifteen years, and mortgage broker Jane Slack-Smith is here to show you how.
