Planning The Use Of The Earth's Surface:

Planning the Use of the Earth's Surface Antonio Cendrero, Gerd Lüttig, Fredrik C. Wolff, 2006-04-11 The purpose of this book is to analyse and discuss a series of topics related with environmental conservation land use planning and management and impact prevention as seen from the perspective of the Earth Sciences but with an integrated interdisciplinary approach. The contributions included in the book intend to give an overview of existing problems and trends and to point out certain lines along which work and or actions will be particularly needed in the near future. In short they intend to show where we stand now with regard to those problems and in what direction we should move. Readers will find particularly useful the brief presentation of a variety of important environmental earth science topics, the description of the present state of the art and the suggestions for methodological approaches to solve different problems as well as the guidelines for action presented throughout the book. *Planning the Use of the Earth's Surface* Antonio Cendrero, Gerd Lüttig, Fredrik C.
