TOWNSEND, 2018 **Plant and Floral Studies for Designers, Art Students, and Craftsmen (Classic Reprint)** William G. Paulson Townsend, 2015-07-01 Excerpt from *Plant and Floral Studies for Designers Art Students and Craftsmen* A Book on *Plant and Floral Studies for Designers Art Students and Craftsmen* may appear to many art workers quite unnecessary Some explanation therefore of the aims and object in publishing this book will doubtless be expected In the first place I feel

convinced that an inexpensive collection of plant studies in line from a structural point of view of a purely practical description is greatly needed At the same time I am aware that several books of acknowledged excellence dealing with this subject and its application to design have already appeared The aim of this work is to be a Designer s sketch book of plant form only On each plate an inch scale is given and every study has a short description giving the time of flowering the situation and other details as colour height etc At times more than one plant is required for the same design and it is helpful in making the selection to have some such information at hand or if it is desirable to introduce insects birds or animals such notes will I think be found useful About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **The International Studio** ,1902
