Plant Perfect Designing With Plants For The Modern Garden:

Plant Perfect Neil Ross, 2004 Gardens are a playground they are a dynamic outlet for creativity a place to design build and plant This book concentrates on the inevitable rewards of designing a garden space with a variety of plants that will perform as a synchronised team giving excitement colour and most importantly atmosphere The plants are grouped thoughtfully so they can show off their best attributes and can reveal their real personalities All aspects of designing a modern garden are covered in this comprehensive book along with a vast choice of plant combinations describing the individuals and presenting convincing reasons for their being placed together ABOUT THE AUTHOR Neil Ross an experienced gardener and designer both in the United Kingdom and New Zealand currently writes for the New Zealand Herald s Canvas and New Zealand Gardener magazine

RHS How to Plant a Garden Matt James, Royal Horticultural Society, 2016-03-03 Evening Standard The Best Gardening Books of 2016 Confused by the bewildering range of plants on offer at your local garden centre How do you choose use and create beautiful planting schemes like the professionals The book takes you on a structured journey through the design process from the initial assessment of your existing space through choosing a theme or style to putting it all together Learn what various plant groups can provide and how to problem solve by selecting the right species Understand the role that form colour scent and texture play in the garden and how to use focal points and accent plants for added interest Tiny courtyard gardeners and suburban gardeners alike will learn how to mix plants in pleasing combinations that will provide interest through the seasons and last for years RHS How to Plant a Garden proves that a good planting scheme can transform your garden from the ordinary to the truly inspirational **New**

Naturalism Kelly D. Norris, 2021-02-16 Recreate the wild beauty and thriving ecology of meadows prairies woodlands and streamsides in your own garden In New Naturalism horticulturist and modern plantsman Kelly D Norris shares his inspiring ecologically sound vision for home gardens created with stylish yet naturalistic plantings that mimic the wild spaces we covet far from the contrived formal high maintenance plantings of the past Through a basic introduction to plant biology and ecology you ll learn how to design and grow a lush thriving home garden by harnessing the power of plant layers and palettes defined by nature not humans The next generation of home landscapes don t consist of plants in a row pruned to perfection and reliant on pesticides fertilizers and herbicides to survive Instead today s stunning landscapes convey nature s inherent beauty These gardens are imbued with romance and emotion yet they have so much more to offer than their gorgeous aesthetics Naturalistic garden designs such as those featured in this groundbreaking new book contribute to positive environmental change by increasing biodiversity providing a refuge for wildlife and reconnecting humans to nature In the pages of New Naturalism you ll find Planting recipes for building meadows prairies and other grassland inspired open plantings even in compact urban settings Nature inspired ways to upgrade existing foundation plantings shrub beds and flower borders to a wilder aesthetic while still managing the space Inspiration for taking sidewalk and driveway plantings

and turning them into visually soft welcoming spaces for humans and wildlife alike Ideas for turning shady landscapes into
canopied retreats that celebrate nature Creative ways to make an ecologically vibrant garden in even the smallest of spaces
New Naturalism approaches the planting beds around our homes as ecological systems If properly designed and planted
these areas can support positive environmental change increase plant and animal diversity and create a more resilient space
that s less reliant on artificial inputs And they do it all while looking beautiful and improving property values Planting the
