The Americas in the Age of Revolution, 1750-1850 Lester D. Langley, 1996-01-01 Langley examines the political and social tensions reverberating throughout British French and Spanish America pointing out the characteristics that distinguished each upheaval from the others the impact of place or location on the course of revolution the dynamics of race and color as well as class the relation between leaders and followers the strength of counterrevolutionary movements and especially the way that militarization of society during war affected the new governments in the postrevolutionary era Langley argues that an understanding of the legacy of the revolutionary age sheds tremendous light on the political condition of the Americas today virtually every modern political issue the relationship of the state to the individual the effectiveness of government the liberal promise for progress and the persistence of color as a critical dynamic in social policy was central to the earlier period

Williams, 2010-10-05 Hamel the Obeah Man is set against the backdrop of early nineteenth century Jamaica and tells the story of a slave rebellion planned in the ruins of a plantation Though the novel is sympathetic to white slaveholders and hostile to anti slavery missionaries it presents a complex picture of the culture and resistance of the island s black majority Hamel the spiritual leader of the rebels becomes more and more central to the story and is a surprisingly powerful and ultimately ambiguous figure This Broadview Edition includes a new foreword by Kamau Brathwaite as well as a critical introduction and appendices The extensive appendices include contemporary reviews of the novel other authors and travellers descriptions of Jamaica and historical documents related to slave insurrections and the debate over slavery

African Lace-bark in the Caribbean Steeve O. Buckridge, 2016-07-14 In Caribbean history the European colonial plantocracy created a cultural diaspora in which African slaves were torn from their ancestral homeland In order to maintain vital links to their traditions and culture slaves retained certain customs and nurtured them in the Caribbean The creation of lace bark cloth from the lagetta tree was a practice that enabled slave women to fashion their own clothing an exercise that was both a necessity as clothing provisions for slaves were poor and empowering as it allowed women who participated in the industry to achieve some financial independence This is the first book on the subject and through close collaboration with experts in the field including Maroon descendants scientists and conservationists it offers a pioneering perspective on the material culture of Caribbean slaves bringing into focus the dynamics of race class and gender Focussing on the time period from the 1660s to the 1920s it examines how the industry developed the types of clothes made and the people who wore them The study asks crucial questions about the social roles that bark cloth production played in the plantation economy and colonial society and in particular explores the relationship between bark cloth production and identity amongst slave women

Hauser,2008 In eighteenth century Jamaica an informal underground economy existed among enslaved laborers Mark Hauser uses pottery fragments to examine their trade networks and to understand how enslaved and free Jamaicans created communities that transcended plantation boundaries An Archaeology of Black Markets utilizes both documentary and archaeological evidence to reveal how slaves practiced their own systematic forms of economic production exchange and consumption Hauser compares the findings from a number of previously excavated sites and presents new analyses that reinterpret these collections in the context of island wide trading networks Trading allowed enslaved laborers to cross boundaries of slave life and enter into a black market of economic practices with pots in hand By utilizing secret trails that connected plantations sectarian churches and these street markets the enslaved remained in contact exchanged information news and gossip and ultimately stoked the colony s 1831 rebellion Hauser considers how uprooted peoples from Africa created new networks in Jamaica and interjects into archaeological discussions the importance of informal economic practice among non elite members of society
