*Folksinger's Wordbook* Oak Publications, 1973-01-01 A first rate collection of words to more than 1 000 songs loosely categorised as folk songs grouped by general themes and indexed by title Lyrics and guitar chords **Yugoslav Black Wave** Greg Cuir, 2025-10-01 Yugoslav Black Wave was originally published in 2011 by Film Center Serbia At that time it was the first comprehensive study of the Black Wave to appear in English and is still one of the rare monographs anywhere dedicated to the subject The Yugoslav Black Wave represented a new generation in Socialist Yugoslav cinema in the 1960s and early 1970s Their films were characterized by a critical spirit and an unconventional approach to form in relation to classical Yugoslav cinema which generally served to galvanize the war torn young nation and to advance the Communist party agenda The author ultimately argues that this phenomenon is maybe the last new wave in postwar European cinema that is still in need of sustained critical attention and wider acknowledgement This book is a revised and expanded second edition that makes a modest endeavor towards that goal Materializing the Bible James S. Bielo, 2021-08-12 What happens when the written words of biblical scripture are transformed into experiential choreographed environments To answer this question anthropologist James Bielo explores a diverse range of practices and places that materialize the Bible including gardens theme parks shrines museums memorials exhibitions theatrical productions and other forms of replication Integrating ethnographic archival and mass media data case studies focus primarily on U S Christianity from the late 19th century to the present Composed as 20 short chapters that may be read in any order the book is divided into three sections

Section I Variations on Replication analyzes examples that recontextualize elements from the actual or imagined biblical past

Section II The Power of Nature turns to the natural world associated with Christian scripture and how it is mobilized as a privileged media

Section III Choreographing Experience examines lived interactions with the affordances of materializing the Bible

Bielo argues that materializing the Bible works as an authorizing practice to intensify intimacies with scripture and circulate potent ideologies

Performed through the sensory experience of bodies physical technologies and infrastructures of place

Bielo illustrates how this phenomenon is always ultimately about expressions of power

*African Humanity* Revd. Dr. Robinson A. Milwood, 2012-02-03

My thesis is basically intended for theological and philosophical students and at the same time their lecturers in biblical theology systematic theology and philosophy of religion

There is no doubt in my mind that these disciplines must surgically forcefully put through the hermeneutical operation of radicalism and liberation black theology and black studies

Because liberation black theology and black studies are both pertinent and existential to black people not only in the diaspora but principally within the demography of Africa

Why Because Africa is the social economic political scientific spiritual theological and psychological incubation chamber with the legacies of the transatlantic slave trade colonialism and semantic cultural Christianization of Africans

The besom merchants traders planters slavers missionaries philosophers historians theologians and scientists with savagery and brutality imposed on African slaves mendaciously that enslavement was good for Africans

It is therefore apposite for liberation black theology and black studies particularly in praxis to critique and challenge the systems and endogenous forces that violated and emasculated Africans empowerment and humanity

The slaves were brutally transformed physically and psychologically

The slaves potentialities endowed with the imprint of the African traditional belief in a supreme being and prime mover of the cosmos was transgressed with falsehood that their belief in a supreme being was primitive and paganistic

For Africans the supreme being is within their inner consciousness

The enslavement of Africans was without morality and justice

The creation of a symbiosis of liberation theology liberation black theology and hermeneutical application and praxis is sempiternal significance to the black experience and the Jesus of the black experience that gives timba to the dis empowered blacks of the streets of Accra and the continent of Africa that were consciously made into the apocalyptic and eschatological symbol of poverty dis possessed impuissant politically and economically in a world that is dominated with nuclear weapons and technological hegemony

In the midst of such imbalance and the perversion of justice and equality regardless of ethnicity black people must make the conscious spiritual and psychological connection with the Jesus of the stigmata of the imprisoned African slaves on the Middle Passage and the diabolical plantations

There is no another way according to the sociological theological psychological impacting force of the various violations of Africans dignity liberty freedom equality and humanity of black people in all dimensions of struggles to become veridical human beings in the full image of God

That is to say theologically and sociologically the derivatives of shalom culminating in the absolute restoration of black humanity

With the force of

chimerical ism twinned with the black mans epistemological dreams without empiricism and existentialism It is at this juncture that all the mythological aspirations are reduced to the level of stultification because Christianity with the painting of a white plastic Jesus cannot be connected with the black experience When on Good Friday black people sing with effusive passion Jesus keep me near the Cross the Kebuka and Maafa on the plantation sufferings brutalization and de humanization rings with **Plastic Jesus** Poppy Z.
