Plato, Edward Meredith Cope

Plato Phaedo:

Plato's Phaedo Plato, 1972 The book is written for anyone seriously interested in Plato's thought and in the history of literary theory or of rhetoric No knowledge of Greek is required The focus of this account is on how the resources both of persuasive myth and of formal argument for all that Plato sets them in strong contrast nevertheless complement and reinforce each other in his philosophy Plato's Phaedo Plato, 1875 **Phaedo** Plato, 2025-09-10 Plato's *Phaedo* written in the early 4th century BC recounts the final hours of Socrates as he discusses the immortality of the soul before his execution The dialogue explores the relationship between body and soul framing philosophy as a preparation for death Told by Phaedo to Echecrates it captures the calm dignity with which Socrates awaits his fate in prison He presents death not as an end to be feared but as liberation for the soul to pursue truth beyond the body Even in his last act of drinking the hemlock Socrates remains serene leaving a lasting testament to the philosopher's search for wisdom Plato's Forms William A. Welton, 2002-01-01 The theory of forms usually attributed to Plato is one of the most famous of philosophical theories yet it has engendered such controversy in the literature on Plato that scholars even debate whether or not such a theory exists in his texts Plato's *Forms* Varieties of Interpretation is an ambitious work that brings together in a single volume widely divergent approaches to the topic of the forms in Plato's dialogues With contributions rooted in both Anglo American and Continental philosophy the book illustrates the contentious role the forms have played in Platonic scholarship and suggests new approaches to a central problem of Plato studies Plato's Phaedo - Plato, 2020-07-30 Socrates is in prison sentenced to die when the sun sets In this final conversation he asks what will become of him once he drinks the poison prescribed for his execution Socrates and his friends examine several arguments designed to prove that the soul is immortal This quest leads him to the broader topic of the nature of mind and its connection not only to human existence but also to the cosmos itself What could be a better way to pass the time between now and the sunset Plato lived in Athens Greece He wrote approximately two dozen dialogues that explore core topics that are essential to all human beings Although the historical Socrates was a strong influence on Plato the character by that name that appears in many of his dialogues is a product of Plato's fertile imagination All of Plato's dialogues are written in a poetic form that his student Aristotle called Socratic dialogue In the twentieth century the British philosopher and logician Alfred North Whitehead characterized the entire European philosophical tradition as a series of footnotes to Plato Philosophy for Plato was not a set of doctrines but a goal not the possession of wisdom but the love of wisdom Agora Publications offers these performances based on the assumption that Plato wrote these works to be performed by actors in order to stimulate additional dialogue among those who listen to them **Plato's Phædo, Literally Translated, by ... E. M. Cope. Edited for the Syndics of the University Press [by H. Jackson].** Plato, 1875 **The Phaedo of Plato** Plato, 1894 **PHAEDO** Plato, 2017-04-20 I wish that you would tell me about his death What did he say in his last hours We were informed that he died by taking poison but no one knew anything

more for no Phliasian ever goes to Athens now and a long time has elapsed since any Athenian found his way to Phlius and therefore we had no clear account Phaed Did you not hear of the proceedings at the trial Ech Yes someone told us about the trial and we could not understand why having been condemned he was put to death as appeared not at the time but long afterwards What was the reason of this Phaed An accident Echecrates The reason was that the stern of the ship which the Athenians send to Delos happened to have been crowned on the day before he was tried Ech What is this ship **Phaedo of Plato** Plato,1894 *Platōnos Phaidōn. The Phaedo of Plato, ed. with intr. notes and appendices by R.D. Archer-Hind* Plato,1894 *Plato: Phaedo* Plato,1993-09-16 Plato s Phaedo is deservedly one of the best known works of Greek literature but also one of the most complex Set in the prison where Socrates is awaiting execution it portrays Plato s model philosopher in action spending his last hours in conversation with two other seasoned members of his circle about the fate of the human soul after death Professor Rowe attempts to help the reader find a way through the intricate structure both of individual passages and arguments and of the dialogue as a whole stressing its intelligibility as a unified work of art and giving equal attention to its literary and philosophical aspects The notes also aim to provide the kind of help with Plato s Greek which is needed by comparative beginners in the language but the commentary is intended for any student classical scholar or philosopher with an interest in the close reading of Plato *The Greek Commentaries on Plato's Phaedo* Leendert Gerrit Westerink,2009 The two volume work of L G Westerink s fine text and parallel translation of the surviving Greek Commentaries on Plato s Phaedo have not only been out of print for many years but which have been virtually unobtainable even in the second hand market This is the second volume the first being the Commentary of Olympiodorus which presents the two Commentaries of Damascius Both volumes have excellent introductions extensive notes and indexes Amendments and updates have been added to these volumes from the notes of Westerink **Dualism in Greek Literature and Philosophy in the Fifth and Fourth Century B.C.** P.F.M. Fontaine,2023-07-03 [The Greek Commentaries on Plato's Phaedo I Olympiodorus](#) Leendert Gerrit Westerink,2009 L G Westerink s fine text and parallel translation of the surviving Greek Commentaries on Plato s Phaedo in two volumes are works which have not only been out of print for many years but which have been virtually unobtainable even in the second hand market This is the first volume being the Commentary of Olympiodorus the second being the two Commentaries of Damascius Both volumes have excellent introductions extensive notes and indexes *Plato's Phaedo* Plato,Eva T. H. Brann,1998 English translation of one of Plato s great dialogues in which Socrates discusses death and the soul before his impending execution Introductory essay notes and glossary *Phaedo* Plato,1875 Phaedo is a philosophical dialogue and philosophy classic by Plato In Phaedo by Plato The dead are first of all judged according to their deeds and those who are incurable are thrust into Tartarus from which they never come out One of the main themes in the Phaedo is the idea that the soul is immortal In the dialogue Socrates discusses the nature of the afterlife on his last day before being executed by drinking hemlock Socrates has been imprisoned and sentenced to

death by an Athenian jury for not believing in the gods of the state though some scholars think it was more for his support of philosopher kings as opposed to democracy 2 and for corrupting the youth of the city By engaging in dialectic with a group of Socrates friends including the two Thebans Cebes and Simmias Socrates explores various arguments for the soul s immortality in order to show that there is an afterlife in which the soul will dwell following death Phaedo tells the story that following the discussion he and the others were there to witness the death of Socrates The Phaedo was first translated into Latin from Greek by Henry Aristippus in 1160 Today it is generally considered one of Plato s greatest works *Plato's Phaedo* Plato,Edward Meredith Cope,2025-11-05 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *From Death to Life: Key Themes in Plato's Phaedo* Franco Trabattoni,2023-01-16 This book addresses a range of highly debated problems among scholars of Plato s Phaedo and provides an overall interpretation of the dialogue For each of the topics or Platonic passages analysed the book presents a detailed assessment and discussion of the most prominent scholarship On the basis of this approach From Death to Life Key Themes in Plato s Phaedo intends to offer new contributions to the current scholarly discussion particularly with regard to the knowability of the Forms recollection the doctrine of the soul as a harmony the problem of causes and the so called second voyage This book is expected to spark debate among scholars both in terms of the critical assessment of the theses it proposes and of the objections it raises against alternative interpretations **Phaedo** Plato,2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Two Concepts of the Soul in Plato's Phaedo Ryan Topping,2007-04-30 Two Concepts of the Soul in Plato s Phaedo is a fresh study of Plato s psychology with particular focus on his arguments for the immortality of the soul Through detailed textual study this new work examines the structure of the dialogue making explicit the nature of the argumentation within the text and its relation to Plato s other accounts of immortality The author argues that the view of the soul in the Phaedo can be usefully separated into two concepts which he terms the basic and total concepts The basic concept consists of the features of the soul that are not used by the character Socrates as the foundation for arguments showing either the pre existence or post existence of the soul In addition to the features contained in the basic concept the total concept includes the features used as the basis of arguments intending to prove either the pre existence of the soul as well as the features of pre existence and post existence themselves This book will prove useful to upper level undergraduate or graduate students of ancient philosophy philosophy of the mind classics and ancient history
