**Plato's Timaeus as Cultural Icon** Gretchen J. Reydam-Schils, 2003 New forms of transnational mobility and diasporic belonging have become emblematic of a supposed global condition of uprootedness Yet much recent theorizing of our so called postmodern life emphasizes movement and fluidity without interrogating who and what is on the move This book examines the interdependence of mobility and belonging by considering how homes are formed in relationship to movement It suggests that movement does not only happen when one leaves home and that homes are not always fixed in a single location Home and belonging may involve attachment and movement fixation and loss and the transgression and enforcement of boundaries A Companion to Plato Hugh H. Benson, 2008-04-15 This broad ranging Companion comprises original contributions from leading Platonic scholars and reflects the different ways in which they are dealing with Plato's legacy Covers an exceptionally broad range of subjects from diverse perspectives Contributions are devoted to topics ranging from perception and knowledge to politics and cosmology Allows readers to see how a position advocated in one of Plato's dialogues compares with positions advocated in others Permits readers to engage the debate concerning Plato's philosophical development on particular topics Also includes overviews of Plato's life works and philosophical method

 Harald Seubert and Robert Theis *Cicero as Philosopher* Andree Hahmann, Michael Vazquez, 2024-12-02 Few philosophers  
 present themselves with as much complexity as Marcus Tullius Cicero At once a philosopher statesman orator and lawyer  
 Cicero consciously fashioned his own image for posterity and wrote philosophical texts as invitations for his readers to think  
 for themselves His philosophy has continued to unfold over the centuries repeatedly inspiring new and independent  
 philosophical positions Since J G F Powell s pivotal contribution in 1995 we have witnessed countless translations and  
 scholarly treatments of Cicero s philosophy that emphasize his creativity and influence In this tradition the present volume  
 offers fresh and incisive contributions that advance the ongoing renaissance in Cicero scholarship Part One of the volume  
 focuses on Cicero s approaches to writing philosophy and on specific interpretive questions facing readers of his  
 philosophical corpus Part Two traces key moments in Cicero s philosophical afterlife from Augustine through the Scholastic  
 period to the Renaissance culminating in the rich and varied tradition of Ciceronian reception in the European Enlightenment  
 Throughout the volume special attention is given to Cicero s practical philosophy **The Oxford Handbook of Plato** Gail  
 Fine, 2019 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers The  
 updated and original essays in the second edition of *The Oxford Handbook of Plato* provide in depth discussions of a variety  
 of topics and dialogues all serving several functions at once they survey the current academic landscape express and develop  
 the authors own views and situate those views within a range of alternatives The result is a useful state of the art reference  
 to the person many consider the most important philosophical thinker in history This second edition of *he Oxford Handbook*  
*of Plato* differs in two main ways from the first edition First six leading scholars of ancient philosophy have contributed  
 entirely new chapters Hugh Benson on the *Apology* *Crito* and *Euthyphro* James Warren on the *Protagoras* and *Gorgias*  
 Lindsay Judson on the *Meno* Luca Castagnoli on the *Phaedo* Susan Sauv Meyer on the *Laws* and David Sedley on Plato s  
 theology This new edition therefore covers both dialogues and topics in more depth than the first edition did Secondly most  
 of the original chapters have been revised and updated some in small others in large ways **Essay and General**  
**Literature Index** Minnie Earl Sears, Marian Shaw, Dorothy Herbert West, 2004 Includes List of books indexed published also  
 separately **Plato and the Metaphysical Feminine** Irene Han, 2023 This volume offers a new interpretation of the role of  
 the female and the feminine in Plato s political dialogues Irene Han provides a reading of Plato s philosophy informed by  
 contemporary theory to demonstrate the centrality of processes of becoming for Platonic accounts of Being *Feminism and*  
*Hospitality* Maurice Hamington, 2010-08-14 Hospitality is something of a modern paradox On the one hand hospitality  
 connotes a nicety or pleasantry easily undervalued as a ritual or formality devoid of epistemological or ethical content On the  
 other hand the rise in international conflict and violence the decline of civil speech and the increased hostility toward  
 immigrants points to the dire need for hospitable responses to mitigate tensions Hospitality represents a further paradox for

feminism Historically women have been saddled with disproportionate responsibility for hospitality and have also been treated as unwelcome guests in so many arenas For these reasons feminists have good reason to be wary of addressing hospitality Yet feminist theory has taken the lead on developing ontological epistemological and ethical approaches to connectedness and relationality such that addressing hospitality appears to be an appropriate extrapolation Feminism and Hospitality is a collection that negotiates amidst these intriguing paradoxes Feminism and Hospitality Gender in the Host Guest Relationship is the first collection of original works to bring a feminist analysis to issues and theories of personal political economic and artistic hospitality Furthermore because feminist theorists have brought so much attention to the nature of human relationships this volume employs a fresh analysis beyond the tradition in political theory One and Many Ji Zhang, 2012 This is a unique study of Daoism and Platonism avoiding the common assumptions either interpreting Daoism through the western perspective or favoring rational cognitive thought over empirical instrument studies **Ancient Approaches to Plato's Timaeus** R. W. Sharples, Anne D. R. Sheppard, University of London. Institute of Classical Studies, 2003 Twelve academic essays given during the Institute of Classical Studies research seminar in 2000 and 2001 examine Plato's vision of the real world as he presented it in Timaeus while considering the text's influence on classical philosophers and scientists Specific subjects include astronomy the reactions of Aristotle and others to Timaeus Hellenistic musicology Proclus Commentary comparisons with Aristotle's Physics and mythology *Humanism and Platonism in the Italian Renaissance* James Hankins, 2003 *Cultural History of Reading [2 volumes]* Sara E. Quay, Gabrielle R. Watling, 2008-11-30 Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur, 2007 *The Studia Philonica Annual*, 2005 **The Dialogues of Plato: Republic. Timaeus. author's BIBLIOGRAPHY OF ISLAMIC PHILOSOPHY and discloses in an extensive index the contents of more than 3000 books and articles which were published since 1999. It underlines again the importance of Islamic philosophy for the history of philosophy and for the humanities.
