## Platos Ladder:

**Plato's Ghost** Cathy Gutierrez,2009-09-03 Cathy Gutierrez places Spiritualism in the context of the 19th century American Renaissance Although this epithet usually signifies the sudden blossoming of American letters Gutierrez points to its original meaning a cultural imagination enraptured with the past and the classics in particular accompanied by a cultural efflorescence Gutierrez s study of this fascinating and important movement is organized thematically She analyzes Spiritualist conceptions of memory marriage medicine and minds explores such phenomena as machines for contacting the dead spirit photography the idea of eternal spiritual affinity which implied the necessity for marriage reform the connection between health and spirituality and mesmerism Plato and Plotinus on Mysticism, Epistemology, and Ethics David J. Yount,2017-02-23 This book argues against the common view that there are no essential differences between Plato and the Neoplatonist philosopher Plotinus on the issues of mysticism epistemology and ethics Beginning by examining the ways in which Plato and Plotinus claim that it is possible to have an ultimate experience that answers the most significant philosophical questions David J Yount provides an extended analysis of why we should interpret both philosophers as mystics The book then moves on to demonstrate that both philosophers share a belief in non discursive knowledge and the methods to attain it including dialectic and recollection and shows that they do not essentially differ on any significant views on ethics Making extensive use of primary and secondary sources Plato and Plotinus on Mysticism Epistemology and Ethics shows the similarities between the thought of these two philosophers on a variety of philosophical questions such as meditation divination wisdom knowledge truth happiness and love *Pierced by Love* Hans Boersma,2023-04-19 Holy Scripture requires holy reading Encounter an ancient but fresh way of reading the Bible Learn from Augustine Anselm of Canterbury Bernard of Clairvaux and others Experience a structured and simple way to focus on Christ listen to the Spirit and rest in God s love Jesus is the point of reading the Bible Christians read Scripture to encounter Christ and be conformed to his image Scripture is no mere human text it is God s living word So how should we read it For Christians throughout the centuries the answer has been lectio divina divine reading em Lectio divina is a sacramental reading It aims to take us more deeply into the life of God Through practicing the four movements of emlectio divina attentive reading extended meditation prayerful reflection and silent resting we have a structured and simple way to focus on Christ listen to the Spirit and rest in God s love We no longer simply read the words of Scripture instead we read the face of God in the eternal Word **Rational Spirituality and Divine Virtue in Plato** Michael LaFargue,2016-04-28 Describes a Platonic personal spirituality based on reason that is readily accessible to people today Michael LaFargue presents an important and accessible aspect of Plato s legacy largely overlooked today a variety of personal spirituality based on reason and centered on virtue Plato s Virtue Forms are transcendent in their goodness ideals that Platonists can use to improve character and become like God so far as is humanly possible LaFargue constructs a model of inductive Socratic reasoning capable of acquiring knowledge of these

perfect Virtue Forms then scales back claims about these Forms to what can be supported by this kind of reasoning This is a critical theory but also a pluralistic one that accommodates modern cultural diversity A how to chapter provides detailed descriptions of the rules of Socratic reasoning basic to this spirituality which any interested individual can practice today LaFargue supports his interpretation by a close reading of the Greek text of key passages in Plato s dialogues The work also undertakes a broader philosophical consideration discussing the philosophical foundations proposed for this Platonism in relation to the thought of G E Moore Ludwig Wittgenstein Martin Heidegger Friedrich Nietzsche and Richard Rorty

**Milton's Loves** Rosamund Paice,2023-04-25 This book is about the multiple loves of Paradise Lost and Paradise Regained sanctioned loves and outlawed loves sincere loves and false loves Christian loves classical loves humanist loves and love as emotion In showing how these loves motivate the most significant actions of the Paradise epics it reveals Milton to have made creative use of the tensions between philosophical ideals social conventions and the rather messier ways in which love emerges in practice Love so central to Milton s view of Edenic joy and obedience to God unsettles earthly and heavenly communities and is the origin of Miltonic transgression Milton s Loves sheds new light on some of the most prominent concerns of Milton scholarship including why Milton s God is so difficult for readers to connect to Satan s apparent heroism Milton s radical theology and the nature of Milton s muse It is a book that will appeal to students and scholars of Milton and early modern studies more broadly and is structured in a way that will aid easy reference *Intolerance, Polemics, and Debate in Antiquity* George H. van Kooten,Jacques van Ruiten,2019-10-01 In *Intolerance Polemics and Debate in Antiquity* scholars reflect on politico cultural philosophical and religious forms of critical conversation in the ancient Near Eastern Biblical Graeco Roman and early Islamic world They enquire into the boundaries between debate polemics and intolerance and address their manifestations in both philosophy and religion This cross cultural and inclusive approach shows that debate and polemics are not so different as often assumed since polemics may also indicate that ultimate values are at stake Polemics can also have a positive effect stimulating further cultural development Intolerance is more straightforwardly negative Religious intolerance is often a justification for politics but also elite rationalism can become totalitarian The volume also highlights the importance of the fluency of minorities in the dominant discourses and of their ability to develop contrapuntal lines of thought within a common cultural discourse [The Masonic Review](#) ,1884 **Vico and Plato** Nancy Du Bois Marcus,2001 Of the four authors Vico states that he had always before him Plato Tacitus Bacon and Grotius the most famous has also been the most neglected Vico and Plato is the first book length study of Vico s relationship to his first author Plato This study traces the enigmatic references to Plato and the Platonists in Vico s major works Seen in the light of its Platonic dimension Vico s New Science forges a middle way between the extremes of dogmatism and skepticism in epistemology as well as Stoicism and Epicureanism in metaphysics and moral philosophy What emerges from placing Vico s thought in the context of the family of Plato from Socrates and Plato to Augustine and Giovanni Pico della Mirandola is a
