Platos Theaetetus:

Plato's Theaetetus John M. Cooper, 2015-05-22 Originally published in 1990 This book discusses in a philosophically responsible and illuminating way the progress of the dialogue and its separate sections to improve our understanding of Plato's work on Theaetetus An early coverage of this dialogue this investigation predated a surge in study of Plato's piece which examined Socratic and pre-Socratic thought The author's argument is that the Theaetetus engages in re-evaluation of earlier doctrines of middle period Platonism as well as reaffirming theories about knowledge An important work in Platonic studies and epistemology

The Rational Enterprise Rosemary Desjardins, 1990-01-01 Desjardins conclusion that the Theaetetus really does point to a particular theory of knowledge certainly will be controversial since for many people the idea that the Theaetetus fails to define knowledge is the cornerstone of their interpretation of Plato's later philosophical thought But whatever one thinks about the conclusion it must be agreed that the manner in which it is defended is intrinsically important Desjardins starts from the unassailable premise that the dialogues are internally unified and that everything in the dialogues is there for a reason Her method then is to show how some of the features of the dialogue that are usually not taken very seriously actually are very important Of course she is not the only scholar taking this sort of tack but what she makes of the various elements of the Theaetetus is a most impressive construction

The Midwife of Platonism David Sedley, 2004-05-20 Plato's Theaetetus is an acknowledged masterpiece and among the most influential texts in the history of epistemology Since antiquity it has been debated whether this dialogue was written by Plato to support his familiar metaphysical doctrines or represents a self-distancing from these David Sedley's book offers a via media founded on a radical separation of the author Plato from his main speaker Socrates The dialogue it is argued is addressed to readers familiar with Plato's mature doctrines and sets out to show how these doctrines far from being an abandonment of his Socratic heritage are its natural outcome The Socrates portrayed here is the same Socrates as already portrayed in Plato's early dialogues While not a Platonist he is exhibited to put it in terms of an image made famous by this dialogue as having been Platonism's midwife In a comprehensive rereading of the text Sedley tracks the ways in which Socrates is shown unwittingly preparing the ground for Plato's mature doctrines and reinterprets the dialogue's individual arguments from this perspective The book is addressed to all readers interested in Plato and does not require knowledge of Greek

Frühjüdische Schriften Eileen Schuller, Marie-Theres Wacker, 2017-05-10 Als Bacher am Rande der Bibel werden die Schriften die im Judentum der hellenistisch-römischen Zeit entstanden sind oft gering geschätzt oder als Verschluss-Sache mit Enthüllungspotenzial verzerrend betrachtet De facto geht es dabei um Literatur die im Kontext der Bibel entstanden ist d.h. sich auf ein entstehendes Korpus von bereits normativ werdenden Schriften bezieht Vorgefundene Konzepte darunter auch Konstruktionen des Geschlechterverhältnisses werden kreativ neuformiert Der vorliegende Band sichtet eine Auswahl dieser frühjüdischen Schriften unter Genderperspektiven geht auf die weiblichen Grundungsfiguren Israels und ihre Rezeption in unterschiedlichen Texten ein und analysiert mit Werken

von Philo und Josephus sowie den Qumranschriften auch umfangreichere Textkorpora auf genderspezifische Fragen hin

Plato's Theaetetus Plato, 2020-05-21 Theaetetus the Sophist and the Statesman are a trilogy of Platonic dialogues that show Socrates formulating his conception of philosophy as he prepares the defense for his trial Originally published together as The Being of the Beautiful these translations can be read separately or as a trilogy Each includes an introduction extensive notes and comprehensive commentary that examines the trilogy's motifs and relationships Seth Benardete is one of the very few contemporary classicists who combine the highest philological competence with a subtlety and taste that approximate that of the ancients At the same time he has set himself the entirely modern hermeneutical task of uncovering what the ancients preferred to keep veiled of making explicit what they indicated and hence of showing the naked ugliness of artificial beauty Stanley Rose Graduate Faculty Philosophy Journal Seth Benardete 1930 2001 was professor of classics at New York University He was the author or translator of many books most recently The Argument of the Action Plato's Laws and Plato's Symposium all published by the University of Chicago Press Theaetetus Plato, Aeterna Press, 2015-09-01 SOME dialogues of Plato are of so various a character that their relation to the other dialogues cannot be determined with any degree of certainty The Theaetetus like the Parmenides has points of similarity both with his earlier and his later writings The perfection of style the humour the dramatic interest the complexity of structure the fertility of illustration the shifting of the points of view are characteristic of his best period of authorship The vain search the negative conclusion the figure of the midwives the constant profession of ignorance on the part of Socrates also bear the stamp of the early dialogues in which the original Socrates is not yet Platonized Had we no other indications we should be disposed to range the Theaetetus with the Apology and the Phaedrus and perhaps even with the Protagoras and the Laches Aeterna Press *Plato's Parmenides Reconsidered* M. Tabak, 2015-05-13 Plato's Parmenides Reconsidered offers a very accessible detailed and historically sensitive account of Plato's Parmenides Against the prevailing scholarly wisdom he illustrates conclusively that Parmenides is a satirical dialogue in which Plato attempts to expose the absurd nature of the doctrines and method of his philosophical opponents **Platon. ab **Theaetetus** Plato, 2012-03-01 This is an English translation of Plato's dialogue concerning the nature of knowledge. In this dialogue Socrates and Theaetetus discuss three definitions of knowledge: knowledge as nothing but perception, as true judgment, and as true judgment with an account. Focus Philosophical Library translations are close to and are non-interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience. **Plato: Theaetetus and Sophist** Plato, 2015-12-03 A new and lively translation of two Platonic dialogues widely read and discussed by philosophers with introduction and notes. **Programm**, 1889 **The Being of the Beautiful** Plato, 2008-09-15 The Being of the Beautiful collects Plato's three dialogues: the Theaetetus, Sophist, and Statesmen, in which Socrates formulates his conception of philosophy while preparing for trial. Renowned classicist Seth Benardete's careful translations clearly illuminate the dramatic and philosophical unity of these dialogues and highlight Plato's subtle interplay of language and structure. Extensive notes and commentaries furthermore underscore the trilogy's motifs and relationships. The translations are masterpieces of literalness. They are honest, accurate, and give the reader a wonderful sense of the Greek. Drew A. Robinson, 2020-10-12 This book meets the need to revise the standard interpretations of an apparentlyaporetic dialogue full of eloquent silences and tricky suggestions as it explores among many other topics the dramatic personae including Plato's self-references behind the scene and the role of Socrates on stage, the question of method and refutation, and the way dialectics plays a part in the dialogue. More specifically, it contains a set of papers devoted to perception and Plato's criticism of Heraclitus and Protagoras. A section deals with the problem of the relation between knowledge and thinking, including the aviary model and the possibility of error. It also emphasizes some positive contributions to the classical Platonic doctrines and his philosophy of education. The reception of the dialogue in antiquity and the medieval age closes the analysis. Representing different hermeneutical traditions, prestigious scholars engage with these issues in divergent ways as they shed new light on a complex controversial work. *Jahresbericht über die Fortschritte der klassischen Altertumswissenschaft*, 1891 *Jahresbericht über die Fortschritte der klassischen Altertumswissenschaft*, 1877 *Jahresbericht über die Fortschritte der klassischen Altertumswissenschaft* Conrad Bursian, Iwan Philipp Eduard Ritter von Müller, Oskar Seyffert, Wilhelm Kroll, Alfred Körte, Karl Münscher, Andreas Thierfelder, 1891 *Theaetetus* Plato, Bernard Williams, M.
