The Official Museum Products and Services Directory ,1990 **Smart Startups** Catalina Daniels, James H. Sherman, 2023-10-10 Two startup company founders and angel investors go inside eighteen companies founded by Harvard Business School graduates uncovering surprising lessons for success and unexpected pitfalls essential for aspiring entrepreneurs Conventional wisdom holds that the most successful entrepreneurs in the world are born with a genius for starting companies experience one lightning bolt moment of inspiration after another follow a tried and true process to scale to a billion dollars and attract deep pocketed investors at every turn The real story is a bit more unconventional and much more interesting Would be entrepreneurs Catalina Daniels and James Sherman hungry to study and apply the best practices of startups to their own ventures studied the nuts and bolts of entrepreneurship as classmates at Harvard Business School

Years later after successfully founding and exiting several companies and as angel investors in start ups they were surprised to realize that their experiences greatly differed from what they had been taught in school HBS provided a world class education in the basics But there was so much they learned the hard way working in the trenches that looking back they wished they d known before starting up Inspired Daniels and Sherman interviewed eighteen HBS graduates and entrepreneurs about their experiences founding companies such as Blue Apron Rent the Runway Gilt and AdoreMe probing them about what they discovered along the way and what they wish they had known beforehand The authors bring these insights to life by showcasing the founders in their own words and giving readers the experience of chatting with these remarkable entrepreneurs over a cup of coffee No other book has unearthed advice from so many HBS entrepreneurs The result is wisdom that challenges assumptions destroys preconceived notions crystalizes hunches and articulates perceptions with a depth possessed by few people in the world Starting a business is hard Seventy percent of startups today fail after their seed round and less than ten percent achieve success for founders and investors Faced with such a daunting threshold aspiring entrepreneurs need all the advice wisdom and inspiration they can get Smart Startups is written for them a timeless record of essential knowledge that can help them avoid failure and achieve success

Broadcasting ,1981 **Branding Between the Ears: Using Cognitive Science to Build Lasting Customer Connections** Sandeep Dayal,2021-11-30 Build a cognitive brand that connects with your customers in the deepest most meaningful ways Successful marketing is all about unlocking the door to peoples thoughts feelings memories and fantasies Tap into one or more of these and your brand will stick forever In Branding Between the Ears world renowned marketing thought leader Sandeep Dayal explains how to leverage behavioral psychology social anthropology and neuroscience to decode what goes on in consumer minds and create effective marketing strategies to build the kind of loyalty that fuels today s iconic brands Dayal reveals that most successful cognitive brands are architected around three questions consumers ask themselves Does this brand give me good vibes Does what this brand says make sense to me Will I be happier if I buy this brand These three factors good brand vibes brand sense and brand resolve are the hidden mantra that push customers off the fence of indecision and get them not just to admire but actually buy the brands again and again Branding Between the Ears reveals paradigm shifts in building and executing brands that are informed by a burgeoning body of research in brain sciences and offers a better way to make brands that not just stand out but connect with consumers and embed deeply in their thoughts to drive choice Dayal is the marketing thought leader who predicted that consumer collaboration would be the key factor in winning people s trust online and giving consumers control over their personal information would be central to gaining their trust issues that are unfolding today Now with Branding Between the Ears he provides equally prescient principles and new ideas for gaining the competitive edge in a largely uncertain future and winning with cognitive power brands
