Rosicrucian Digest, 1937 Rosicrucian Editors, 2013-10 This is a new release of the original 1937 edition The Changing Terrain of Religious Freedom Heather J. Sharkey, Jeffrey Edward Green, 2021-09-24 The Changing Terrain of Religious Freedom offers theoretical historical and legal perspectives on religious freedom while examining its meaning as an experience value and right The volume starts from the premise that the terrain of religious freedom has never been easy and smooth Across societies and throughout history defending or contesting principles of religious freedom has required compromise among multiple interests balancing values and wrangling with the law Drawing on examples from the United States and around the world and approaching the subject from the disciplines of history law sociology philosophy religious studies and political science the essays in this volume illustrate these challenges They sketch the contours of contemporary debates while showing how the landscape of religious freedom has shifted over time They consider various stakeholders that have asserted competing claims among them individuals and groups members of minority and majority communities states and corporations including both religious organizations and businesses and believers and non believers Taken together the studies in this volume suggest that understanding religious freedom means grappling with conflicting and perhaps irreconcilable claims about whose rights should prevail over others what religion is or may be and how religion should relate to other cultural values From Garden Art to Landscape Architecture Joachim Wolschke-Bulmahn, Ronald Clark, 2021-04-26 Originally the area of responsibility for landscape architecture was based on the premise that the planning and creating of open spaces such as parks and gardens was the business of garden artists Today the training of landscape architects and future challenges of the profession include the protection of natural resources and the environment urban planning or tourism to name but a few The international symposium From Garden Art to Landscape Architecture Traditions Re Evaluations and Future Perspectives addressed questions which based on the idea of garden art should help to reconstruct its historical development but also discussed the notion and the relevance of art in everyday work The contributions critically reflect on the professional self image of landscape architects at the beginning of the 21st century The symposium in September 2018 was co organized by the City and State Capital of Hannover s Herrenhausen Gardens Division the Deutsche Gesellschaft f r Gartenkunst und Landschaftsarchitektur DGGL the Volkswagen Foundation and the Centre of Garden Art and Landscape Architectur *A Concise Dictionary of Cults & Religions* William Glenn Watson, 1991 A Concise Dictionary of Cults and Religions provides thumbnail sketches of peripheral religious groups cults and personalities connected with such movements or organizations **The Unknown God** Martin P.
