Rosies Roses:

Oh! the Places I've Been EUGENE WEISBERGER,2013-06-17 *Oh The Places Ive Been* is another of the many travel books I have written in the last fifteen years It does not nearly cover the many countries I have visited but I thought the title would be a cute one nevertheless In the last four decades I have visited over sixty countries in six continents but this book will take you some interesting places which I missed writing about along the way I especially loved the little country of Wales which most travelers seem to miss along their way In thinking back about those fun places I especially liked California and the Hearst Castle and I would invite anyone who can take the time to visit there Yes it is true that it is not in the main stream of places to see but if you have traveled to the many popular places of the world take a few extra days and try to see the Hearst magical home Und immer wieder geht die Sonne auf Elli Poletti,2025-08-27
