British Association For The Advancement Of Science*, 1874 *A Fabulous Failure* Nelson Lichtenstein, Judith
Stein, 2023-09-12 How the Clinton administration betrayed its progressive principles and capitulated to the right When Bill
Clinton was elected president in 1992 he ended twelve years of Republican rule and seemed poised to enact a progressive
transformation of the US economy touching everything from health care to trade to labor relations Yet by the time he left
office the nation s economic and social policies had instead lurched dramatically rightward exacerbating the inequalities so
troubling in our own time This book reveals why Clinton s expansive agenda was a fabulous failure and why its demise still
haunts us today Nelson Lichtenstein and Judith Stein show how the administration s progressive reformers people like
Robert Reich Ira Magaziner Laura Tyson and Joseph Stiglitz were stymied by a new world of global capitalism that
heightened Wall Street influence undermined domestic manufacturing and eviscerated the labor movement Robert Rubin
Larry Summers and Al Gore proved champions of this financialized world Meanwhile Clinton divided his own party when he
relied on Republican votes to overhaul welfare liberalize trade and deregulate the banking and telecommunications
industries Even the economic boom Clinton ushered in which tamed unemployment and sent the stock market soaring in
what Alan Blinder and Janet Yellen termed a fabulous decade ended with a series of exploding asset bubbles that his
neoliberal economic advisors neither foresaw nor prevented *A Fabulous Failure* is a study of ideas in action some powerfully
persuasive others illusionary and self defeating It explains why and how the Clinton presidency s progressive statecraft
floundered in a world where the labor movement was weak civil rights forces quiescent and corporate America ever more
powerful
