Aufklärung im Zeichen des Rosenkreuzes (The Rosicrucian enlightenment, dt Frances Amelia Yates, 1975 The Rosicrucian Enlightenment Revisited John Matthews, 1999 A gathering of well informed scholars provides a sober sensible and fascinating overview of the history of the Rosicrucian movement still one of the most controversial and least understood byways of European philosophy and thought The volume includes four of the foundational documents of the original Rosicrucians from the early 17th century and carries the Rosicrucians influence down to the later 19th century Publisher s description The Rosicrucian Enlightenment Revisited Ralph White, 1999-05 In 1995 to honor the role of Central Europe in the spiritual history of the West the New York Open Center invited students of Rosicrucianism and the Western Mystery traditions to the Czech Republic to discuss the historical backgrounds of Rosicrucianism Two years later a second meeting was held in Prague to celebrate the Hermetic world of Rudolf II The result is this book in which John Matthews addresses the relationship between the Grail and the Rose Christopher Bamford speaks of the prehistory of the Rosicrucian reformation in the late Middle Ages among women mystics alchemists Cathars Franciscan spirituals as well as in Luther and the great Paracelsus Nicholas Goodrick Clarke tells the wild tale of John Dee s mission to central Europe Joscelyn Godwin unfolds the paradigmatic Rosicrucian life of Michael Maier Claire Goodrick Clarke recounts influence of Comenius Paul Bembridge speaks of Rosicrucian Resurgence at the Court of Cromwell Robert Powell describes the roles of Tycho Brahe Johannes Kepler and Rudolf II and Christopher McIntosh speaks of the Rosicrucian Legacy Also included are the texts of the two Rosicrucian Manifestos the Fama and the Confessio Illustrated **The Rose Cross and the Age of Reason** Christopher McIntosh, 1992-04-01 The Rose Cross deals with the interaction between two movements of thought in eighteenth century Germany the philosophy of the Enlightenment and the complex of ideas known as Rosicrucian Dating from the early

seventeenth century and drawing on Pietism Freemasonry Kabbalah and alchemy the Rosicrucianism movement enjoyed a revival in Germany during the eighteenth century Historians have often depicted this neo Rosicrucianism as a Counter Enlightenment force Dr McIntosh argues rather that it was part of a third force which allied itself sometimes with the Enlightenment sometimes with the Counter Enlightenment This book is the first in depth comprehensive study of the German Rosicrucian revival and in particular of the order known as the Golden and Rosy Cross Gold und Rosenkreuz Drawing on hitherto unpublished material Dr McIntosh shows how the order exerted a significant influence on the cultural political and religious life of its age *The Rosicrucian Enlightenment. The History of Alchemy in the Renaissance. Guillaume Postel en 1981. Christian Kabbalah. Postel's Kabbalistic Mysticism* François Secret,1981 [The Poetry of Erasmus Darwin](#) Martin Priestman,2016-02-24 While historians of science have focused significant attention on Erasmus Darwin s scientific ideas and milieu relatively little attention has been paid to Darwin as a literary writer In *The Poetry of Erasmus Darwin* Enlightened Spaces Romantic Times Martin Priestman situates Darwin s three major poems *The Loves of the Plants* 1789 *The Economy of Vegetation* 1791 and *The Temple of Nature* 1803 and Darwin himself within a large polymathic late Enlightenment network of other scientists writers thinkers and social movers and shakers Interpreting Darwin s poetry in terms of Darwin s broader sense of the poetic text as a material space he posits a significant shift from the Enlightenment s emphases on conceptual spaces to the Romantic period s emphases on historical time He shows how Darwin s poetry illuminates his stance toward all the major physical sciences and his well formulated theories of evolution and materially based psychology Priestman s study also offers the first substantial accounts of Darwin s mythological theories and their links to Enlightenment Rosicrucianism and Freemasonry and of the reading of history that emerges from the fragment poem *The Progress of Society* a first ever printed edition of which is included in an appendix Ultimately Priestman s book offers readers a sustained account of Darwin s polymathic Enlightenment worldview and cognate poetics in a period when texts are too often judged by their adherence to a retrospectively constructed Romanticism *The Rosicrucians* Christopher McIntosh,1987 *Rosenkreuz als europäisches Phänomen im 17.
