Air Force, 2012-12 The Roswell Report Case Closed is the second of two reports published by the United States Air Force to explain the events of the Roswell Incident that occurred in July of 1947 A follow up to the report Fact Versus Fiction in the New Mexico Desert Case Closed includes further analysis and discussion of the events The Foreword explains Our objective throughout this inquiry has been simple and consistent to find all the facts and bring them to light If documents were classified declassify them where they were dispersed bring them into a single source for public review This report published in 1997 includes a brand new Introduction from UFO expert and writer Stanton L Friedman The U S AIR FORCE is the aviation branch of the United States military The headquarters of this branch authorized several research projects on the origin and existence of UFOs and published multiple reports of their findings from the 1950s through the 1980s It is still the subject of speculation today whether the U S Air Force is responsible for a large scale cover up of UFO and extraterrestrial evidence

The Roswell Report United States Air Force, 2013-04-10 Throughout the twentieth century and into the twenty first the subject of unidentified flying objects UFOs has evoked strong opinions and emotions For some the belief in or study of UFOs known as ufology has taken on the dimensions of a religious quest Others remain nonbelievers or at least skeptical of the existence of alien beings and elusive vehicles which never quite seem to manifest themselves Regardless of one's conviction nowhere has the debate about UFOs been more spirited than over the events that unfolded near the small New Mexico city of Roswell in the summer of 1947 Numerous witnesses including former military personnel and respectable members of the local community have come forward with tales of humanoid beings alien technologies and government cover ups that have caused even the most skeptical observers to pause and take notice In July 1994 at the request of the Government Accounting Office the U S Air Force completed a thousand page report to explain the events that transpired in and near Roswell in the summer of 1947 That report sought to bring all the facts to light declassify all the documents and present the definitive truth to the public The Roswell Report Case Closed is the follow up to that report and contains additional materials and analysis intended to reach a complete open and final explanation of the events that occurred in the Southwest many years ago While this explanation may not be as titillating as tales of unearthly craft and creatures it is a fascinating story nonetheless

The Roswell Report James McAndrew, 1998-05-01 In 1994 the Air Force concluded an exhaustive search for records to determine if the U S Air Force or any other government agency possessed information on the July 1947 event known as the Roswell Incident This report based on thoroughly documented research conducted subsequent to the 1994 report and supported by official records technical reports film footage photos and interviews with involved individuals completes the Air Force's goal of providing a complete and open explanation for the alleged observations of alien bodies and other events surrounding the incident Illustrated

UFOs and Government Michael D. Swords, 2012 Governments around the world have had to deal with the UFO

phenomenon for a good part of a century How and why they did so is the subject of UFOs and Government a history that for the first time tells the story from the perspective of the governments themselves It s a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the primary photo illustration editor From the foreword by Jerome Clark While UFOs and Government revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite UFOs and Government prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril Warren Commission Executive Session of 27 Jan 1964 Warren Commission,2022-07-21 The Warren Commission Executive Session of 27 Jan 1964 provides an in depth account of the deliberations held by the Commission tasked with investigating the assassination of President John F Kennedy Through a meticulous transcription of the session this document unravels the complexities of the political climate of the early 1960s showcasing the Commission s painstaking approach to deciphering the events surrounding the assassination The text s formal style mirrors the gravity of its subject providing a clear lens into the minds of America s most influential leaders as

they wrestle with profound national trauma amidst rising Cold War tensions The Warren Commission formed in response to the national outcry for clarity following this tragic event consisted of eminent figures such as Chief Justice Earl Warren The detailed proceedings highlight how individual experiences and backgrounds shaped their perspectives Warren's deep commitment to justice and truth informed by his previous experience in civil rights and governance is palpable in these sessions revealing the emotional and professional weight borne by the Commission members as they endeavored to reconcile facts with the public's demand for closure This book is invaluable for readers interested in American history political science and the intricate art of governance under duress It invites a critical examination of how historical narratives are constructed making it essential for understanding the lasting impact of JFK's assassination on American society Scholars historians and general readers alike will find rich insights into the intersection of trauma governance and public perception

Inside The Black Vault John Greenewald, Jr., 2019-04-08 The evidence in this book may not ultimately give you the smoking gun you are looking for on your journey but I guarantee it will give you a box of bullets when you find it In 1996 John Greenewald Jr began researching the secret inner workings of the U S Government at the age of fifteen He targeted such agencies as the CIA FBI Pentagon Air Force Army Navy NSA DIA and countless others Greenewald utilized the Freedom of Information Act FOIA to gain access to more than two million pages of documents This archive includes information relating to UFOs the JFK Assassination chemical biological and nuclear weapons and top secret aircraft He took the millions of pages and over the course of more than two decades has built an archive known around the world as The Black Vault Inside The Black Vault The Government's UFO Secrets Revealed takes you on a journey within the secret world of unidentified aerial phenomenon that has plagued the military since at least the 1940s Declassified records prove that the UFO topic is one of the most highly classified and most elusive subjects the U S Government has ever dealt with Each chapter explores various agencies and their documents and Greenewald breaks down the meaning of why some of the most important documents are relevant to proving a massive cover up Along with declassified documents Greenewald outlines the struggle it took him to get them No other topic has proven so difficult in more than 8 000 FOIA requests that he has filed He explores why that might be and meets skeptics and debunkers head on outlining why some of their more prominent rebuttals for it all cannot be true

The Great Galveston Disaster Paul Lester, 2022-05-28 In The Great Galveston Disaster Paul Lester meticulously chronicles the cataclysmic hurricane that struck Galveston Texas in 1900 resulting in one of the deadliest natural disasters in American history Using a compelling narrative style interwoven with poignant personal accounts Lester brings to life the harrowing experiences of the residents as they faced an indifferent nature His precise attention to detail and historical context captures the immediate aftermath and the sociopolitical climate of the era shedding light on both the resilience and vulnerability of the human spirit amid chaos Paul Lester a historian with a keen focus on maritime disasters draws on a rich background in environmental science and American history His passion for uncovering local histories is evident in his investigative

The Roswell Report Headquarters United States Air Force, 2002-06-01 This is the official U S Air Force story of the Roswell UFO incident illustrated with rare archival photos It contains the complete report on the Roswell incident as submitted to the Secretary of the Air Force Section One examines alleged events in two locations in rural New Mexico and Section Two examines the alleged activities at the Roswell Army Airfield Hospital

Roswell Karl T. Pflock, 2001-06-01 For over fifty years an incident near Roswell New Mexico has sparked the imaginations of UFO enthusiasts Did the military recover a crashed flying saucer there along with several extraterrestrial bodies Has the government gone to great lengths to hide the evidence Over time these speculations have reached the status of unquestionable truths in the minds of many ufologists In this definitive study of the Roswell incident longtime UFO researcher Karl T Pflock who is convinced that some UFO reports are real alien sightings concludes after an exhaustive investigation that no alien craft or bodies were ever found at Roswell Pflock admits at the outset that he too once strongly believed there might be something to the Roswell alien stories and he describes how he then came to discover the whole truth Using formerly classified records he proves that the U S government has absolutely no physical evidence of aliens shows how critical weather data completely refute key claims of Roswell believers and explains why the case now rises and falls on the testimony of just one witness who cleverly manipulated leading investigators and continues to do so today Pflock's intensive research and access to once classified documents including facsimilies of important formerly classified documents 28 witness affidavits and the entire Pratt Marcel interview transcript make this book must reading even for UFO buffs believers and skeptics alike who feel they know everything about Roswell
