

# Royal Mistress

**Walter Scott**

## **Royal Mistress:**

**The Creation of the French Royal Mistress** Tracy Adams, Christine Adams, 2020-03-16 Kings throughout medieval and early modern Europe had extraconjugal sexual partners Only in France however did the royal mistress become a quasi institutionalized political position This study explores the emergence and development of the position of French royal mistress through detailed portraits of nine of its most significant incumbents Agn s Sorel Anne de Pisseleu d Heilly Diane de Poitiers Gabrielle d Estr es Fran oise Louise de La Baume Le Blanc Fran oise Ath na s de Rochechouart de Mortemart Fran oise d Aubign Jeanne Antoinette Poisson and Jeanne B cu Beginning in the fifteenth century key structures converged to create a space at court for the royal mistress The first was an idea of gender already in place that while women were legally inferior to men they were men s equals in competence Because of their legal subordinacy queens were considered to be the safest regents for their husbands and subsequently the royal mistress was the surest counterpoint to the royal favorite Second the Renaissance was a period during which people began to experience space as theatrical This shift to a theatrical world opened up new ways of imagining political guile which came to be positively associated with the royal mistress Still the role had to be activated by an intelligent charismatic woman associated with a king who sought women as advisors The fascinating particulars of each case are covered in the chapters of this book Thoroughly researched and compellingly narrated this important study explains why the tradition of a politically powerful royal mistress materialized at the French court but nowhere else in Europe It will appeal to anyone interested in the history of the French monarchy women and royalty and gender studies *Queens and Mistresses of Renaissance France* Kathleen Wellman, 2013-05-21 DIV This book tells the history of the French Renaissance through the lives of its most prominent queens and mistresses beginning with Agn s Sorel the first officially recognized royal mistress in 1444 including Anne of Brittany Catherine de Medici Anne Pisseleu Diane de Poitiers and Marguerite de Valois among others and concluding with Gabrielle d Estr es Henry IV s powerful mistress during the 1590s Wellman shows that women in both roles queen and mistress enjoyed great influence over French politics and culture not to mention over the powerful men with whom they were involved The book also addresses the enduring mythology surrounding these women relating captivating tales that uncover much about Renaissance modes of argument symbols and values as well as our own modern preoccupations div **Women in Shakespeare** Alison Findlay, 2010-03-25 *Women in Shakespeare A Dictionary* is a comprehensive reference guide to Shakespeare and women An A Z of over 350 entries explores the role of women within Shakespearean drama how women were represented on the Shakespearean stage and the role of women in Shakespeare s personal and professional lives *Women in Shakespeare* examines in detail the language employed by Shakespeare in his representation of women in the full range of his poetry and plays and the implications these representations have for the position of women in Elizabethan and Jacobean society *Women in Shakespeare* is an ideal guide to Shakespeare s women for all students and scholars of Shakespeare *Die Geliebte des*

Königs (Royal mistress, dt.- Übers. v. Rosmarie Kahn-Ackermann) Patricia Campbell-Horton, Rosmarie Kahn-Ackermann, 1979

*The Intellectual Dynamism of the High Middle Ages* Clare Monagle, 2025-10-01 The essays in *The Intellectual Dynamism of the High Middle Ages* pay tribute to the work and impact of Constant J Mews in spirit and in content revealing a nuanced and integrated vision of the intellectual history of the medieval West Mews's groundbreaking work has revealed the wide world of medieval letters looking beyond the cathedral and the cloister for his investigations and taking a broad view of intellectual practice in the Middle Ages Mews has demanded that we expand our horizons as we explore the history of ideas Alongside his cutting edge work on Abelard he has been a leader in the study of medieval women writers paying heed to Hildegard and Heloise in particular In Mews Middle Ages the world of ideas always belongs to a larger world one that is cultural gendered and politicized

Royal Mistresses Charles Carlton, 2023-03-31 First published in 1990 *Royal Mistresses* provides an innovative way of looking at the development of British monarchy and at the same time investigates the relationship between sex and power Charles Carlton focuses not so much on the amorous activities of the mistresses of British monarchs as on their influences on those monarchs and on society at large Ranging from the early medieval period to the late 1990s he shows that a monarch's illicit sexual life sheds light on his character and reign It is no coincidence that Henry I Charles II and Edward VII who were successful with their mistresses were also successful in their reigns while the divorced John and the lovelorn Edward VIII failed Not surprisingly the affairs of the sovereign's heart have very often become the affairs of state This book will be of interest to students of history and literature
