## **Poison Agendas:**

**The African Agenda** Camynta Baezie, 2006-11-30 Camynta Baezie's *The African Agenda* is a thriller about a team of hackers who use their high tech skills to run fund and conceal a daring plot for nuclear disarmament and African unification

Local Agenda 21 Timi Ecimovic, Elmar A. Stuhler, Marjan Vezjak, 2000      **Toxic Humans** Michael Jenkins, 2024-01-18 International leadership expert Michael Jenkins shines a light on the adverse effects of dysfunctional and toxic boards and how they have the potential to destroy an organisation's culture The reader is given a set of recommendations for action to help mitigate and manage the effects      The Dark Side of Organizational Behavior H. Cenk Sözen, H. Nejat

Basım, 2022-07-15 *The Dark Side of Organizational Behavior* aims to gather all the micro and meso level topics about the dark side of organizations that may guide management practitioners researchers and students The history before the modern human civilization is full of multiple types of conflicts wars struggles and violence Modernization project has constructed a desired reality of human being and has somehow concealed the dark side of human interactions Through this outlook this book explores the realities of the dark side of organizations and how these realities may have the potential to change previous assumptions about business life The field of organizational behavior is dominated by the positive aspects of the business life but conflict war struggle and violence have always been a part of history It is not possible to isolate organizational participants from negative emotions like hostility dislike hate jealousy rage and revenge A manager may devote most of their time to cope with conflicts deviant behaviors ambitious individuals gossips and dysfunctional rivalry among employees It is evident that negative events and interactions among employees cost more time and energy for a manager than the positive side of organizational life Therefore exploring the realities of the dark side of organizations may have the potential to change previous assumptions about business life This book will be of interest to researchers academics practitioners and advanced students in the fields of organizational studies and behavior human resource management employment relations and organizational psychology      **Dark Sides of Organizational Behavior and Leadership** Maria

Fors Brandebo, Aida Alvinus, 2019-01-03 In recent years scholars have focused more on the dark sides of leadership Both the negative and positive aspects of the relationship between leaders and followers are considered But the relationship between leaders and followers is also influenced by the context in which the relationship occurs Organizational aspects such as culture and structures are studied in relation to how negative leadership develops Organizations just like humans are able to develop justifications for their actions to self aggrandize by claiming their exclusivity In this book the dark sides of organizational behaviors and leadership are considered from different aspects and contexts The book contributes knowledge of how negative leadership develops what part organizational structures play and what the consequences are for the leader the subordinates and the organization      Literature and Leadership John Shoup, Troy Hinrichs, 2019-09-20 Great literature provides didactic commentaries on universal themes in the drama of life and visceral lessons on leadership The careful

reading of timeless novels position readers to emerge as astute protagonists in their own stories in the context of the grander narrative and internalize universal themes of the human story Students of the great works of literature also emerge culturally literate with a better understanding of themselves and others in relation to nobler virtues traditions and purposes In addition to demonstrating great works of literature as among the first formal books on leadership this book makes explicit connections between the study of literature and the research found in leadership and management studies This book Provides a bridge between the robust literary world and the leadership and management genre Demonstrates how language and literature uniquely develop leaders to have a sophisticated understanding of historical and contemporary cultures events and people Documents how powerful narratives either promote or diminish human flourishing Illustrates the usefulness of all great literature and stories in shaping engaging and compelling workplace narratives that inspire and engage the collective Equips leaders and managers with the knowledge and skills to embrace the drama of leadership and engage in meaningful sensemaking to help organizations thrive Encourages readers to be connoisseurs of great works of literature and include such works in their leadership libraries This book is ideal for the initiated and uninitiated in the study of literature and leadership by making explicit complementary and relevant insights to make reading and leading much more meaningful Those unfamiliar with great literature will gain a deeper appreciation for books serving as tutors and mentors in the ways of leadership and become more discerning readers Those unfamiliar with the leadership genre will improve their acumen to use endearing and enduring narratives to influence people and organizations

*African Agenda* ,2005     *Extinction Agenda* (Skinners) Marcus Pelegrimas,2011-10-25 Fans of Jim Butcher and Laurell K Hamilton will definitely want a bite of this Jonathan Maberry Bram Stoker Award winning author of Patient Zero The extraordinary Skinners saga by Marcus Pelegrimas comes to a heart stopping conclusion with Extinction Agenda Author Paul Goat Allen has proclaimed Skinners one of the most underrated paranormal fantasy sagas out there He goes on to call author Pelegrimas the Bram Stoker of the 21st Century which is most assuredly the case The final bloody assault on the human race by monsters no longer confined to the shadows vampires shapeshifters werewolves and more now hungrily prowling our cities is at hand Humankind is not completely helpless however as their secret protectors the Skinners prepare to battle the beasts But even they may be helpless to prevent the monster apocalypse Extinction Agenda is a stunning action packed finale to a series that will certainly prove to be a true classic of twenty first century dark urban fantasy
