Poland Economic Management For A New Era:

Poland, 1990 **Poland**, 1990 **Wirtschaftliche Transformation in der Tschechischen Republik und in der Slowakischen Republik** Franz X Keilhofer, 2016-09-12 Keine ausführliche Beschreibung für Wirtschaftliche Transformation in der Tschechischen Republik und in der Slowakischen Republik verfügbar *Managing the Transition* Eric Rice, 1991 The consensus of dozens of Bank and outside experts on issues and measures essential to government reform in six Eastern European economies changing to a market economy and on how external agencies can best aid the reform process *The East European Economy in Context* David Turnock, 2003-09-02 Since 1989 the former communist countries of Eastern Europe have witnessed a profound and dramatic upheaval The economic coherence of this region formerly maintained through the adoption of the Soviet system of government has fractured In *The East European Economy in Context* Communism and Transition David Turnock examines the transition from communist to free market economies both within and between the states of Eastern Europe As well as containing an informative survey of the impact of communism *The East European Economy in Context* provides Political profiles of individual countries A clear study of the contrasts between northern and balkan groups Summaries of regional variations in the transition process An exploration of the new state structures and resources Discussion of political stability inter ethnic tensions and progress in economic change *The Transition in Eastern Europe, Volume 2* Olivier Jean Blanchard, Kenneth A. Froot, Jeffrey D. Sachs, 2007-12-01 When communism fell in 1989 the question for most Eastern European countries was not whether to go to a market economy but how to get there Several years later the difficult process of privatization and restructuring continues to concern the countries of the region *The Transition in Eastern Europe Volumes 1 and 2* is an analysis of the experiences of various countries making the transition to market economies and examines the most important challenges still in store Volume 1 *Country Studies* gives an in depth country by country analysis of various reform experiences including historical backgrounds and discussions of policies and results to date The countries analyzed are Poland Czechoslovakia Hungary eastern Germany Slovenia and Russia Written by leading economists some of whom helped shape local and national reforms this volume identifies common progress common difficulties and tentative solutions to the problems of economic transition Volume 2 *Restructuring* focuses on specific issues of transition including how to design labor market institutions privatization new fiscal structures and bankruptcy laws how to reorganize foreign trade and how to promote foreign direct investment The articles written by experts in the field will be of direct help to those involved in the transition process These volumes provide a standard reference on economic transition in the region for policymakers in Eastern Europe and in western countries for international agencies concerned with the transition process and for anyone interested in learning about the dramatic changes that have recently occurred in Eastern Europe **Poland** General Agreement on Tariffs and Trade (Organization), 1993 *Double Shift* Bertram Silverman, Robert Vogt, Murray Yanowitch, 2016-09-16 Taken from a series of conferences this collection of papers by leading labour experts

from the United States and the former Soviet Union examines the profound changes in industrial systems and work organisation currently affecting both societies The authors focus on the emergence of new labour market institutions the evolution of managerial philosophy changes in workers values and attitudes toward economic security economic inequality and the legitimacy of worker participation in management and ownership Comparison reveals both striking differences and similarities in the transformation of the two systems in the post industrial age and helps demystify some simplistic notions about the workings of market systems **Polens Integration in die Weltwirtschaft** Günter Heiduk, Perdita

Wingender, 1992 Historical Dictionary of the World Bank Sarah Tenney, Anne C. Salda, 2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank known more formally as the International Bank for Reconstruction and Development IBRD would flourish Today with 188 members it is by far the largest lender for projects in agriculture health infrastructure and many other fields in developing countries around the world with a budget of billions of dollars and a staff of more than 9 000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute This second edition of the Historical Dictionary of the World Bank shows the substantial progress the Bank has made this mainly through the dictionary section with concise entries on its component institutions related organizations its achievements in various fields some of the major projects and member countries and its various presidents The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years Meanwhile the list of acronyms reminds us just who the main players are And the bibliography directs readers to useful internal documentation and outside studies **Sozialistische Wirtschaft im Wandel: Deutsch- und**
