Political Bargaining Theory Practice And Process:

Political Bargaining Gideon Doron, Itai Sened, 2001-03-28 This book brings an exciting and innovative new approach to the study of politics today It introduces political bargaining a process at the heart of all political and economic exchanges in contemporary society and the very essence of politics itself to provide a new framework and fresh insights to modern political science The authors trace the prevalence of bargaining processes in politics from the abstract level of individual human interaction and the state of nature to the more concrete political or institutionalized level They introduce students to theory the basic models of game theory rational choice theory and positivist approaches practice the practical manifestations of political b Methoden der vergleichenden Politik- und Sozialwissenschaft Susanne Pickel, Gert Pickel, Hans-Joachim

Lauth, Detlef Jahn, 2009-02-20 Im Bereich der Methoden der vergleichenden Politikwissenschaft haben sich in den letzten Jahren vielfältige Entwicklungen ergeben die bislang aber eher selektiv und voneinander getrennt vorgestellt wurden Dabei fehlt es insbesondere an Publikationen die sich an fortgeschrittenen Interessenten des Bereichs wenden und anwendungsorientierte Leitlinien für spezifische Analysetypen geben Diese Hilfestellungen sind in der Regel in bergreifenden Einführungen von wenigen Autoren nicht zu leisten Dieser Band gibt eine erschöpfende Breite an derzeit verfügbaren methodischen Zugängen zur vergleichenden Sozialwissenschaft die durch die einschlägigen Autoren der jeweiligen Gebiete fachgerecht und anwendungsorientiert gestaltet wurden **Die graduelle Konstitutionalisierung der Europäischen**

Union Paul W. Thurner, 2006 Originally presented as the author's thesis Habilitation postdoctoral Fakultät für Sozialwissenschaften der Universität Mannheim 2004 **Demokratiethorie und Demokratieentwicklung** André Kaiser, Graf Peter Kielmansegg, Thomas Zittel, 2004-01-29 Die moderne Demokratie kann als Produkt eines Wechselverhältnisses zwischen ihren ideellen Grundlagen und konkreten historischen Erfahrungen begriffen werden Die Beiträge des Bandes nehmen diese Perspektive auf und thematisieren drei zentrale Fragestellungen die sich aus ihr ergeben 1 Welche in der Regel widerstreitenden ideellen Grundlagen und Ordnungsvorstellungen liegen der Entwicklung der modernen Demokratie zugrunde 2 In welchen institutionellen Ausprägungen erscheint die moderne Demokratie und wie können diese systematisch erfasst werden Was lernen wir aus der Entwicklungsgeschichte und der Praxis der modernen Demokratie hinsichtlich der Umsetzbarkeit abstrakter Ordnungsvorstellungen 3 Stellt sich die Frage nach der Leistungsbilanz und der Zukunftsfähigkeit von Demokratie Kann diese historisch geronnene Ordnung neue Herausforderungen bewältigen und Problemlösungen anbieten **Lyndon B. book seeks to reconstruct and elucidate the processes behind the decisions made by the Johnson Administration during the years 1965-68 to sell Israel M-48 tanks A-4 Skyhawk planes and F-4 Phantom planes **Federalism and the Tug of War Within** Professor Erin Ryan, 2011-11-25 Federalism and the Tug of War Within explores how constitutional interpreters reconcile the competing values that underpin American federalism with real consequences for governance that require local

and national collaboration Drawing examples from Hurricane Katrina climate governance health care reform and other problems of local and national authority author Erin Ryan demonstrates how the Supreme Court's federalism jurisprudence can inhibit effective inter jurisdictional governance by failing to navigate the tensions within federalism itself The Constitution's dual sovereignty directive fosters an ideal set of good governance values including checks and balances accountability local autonomy and local and national synergy that are nevertheless in constant competition This inherent tug of war is responsible for the epic instability in the Court's federalism jurisprudence but it is poorly understood With new conceptual vocabulary to wrestle with old dilemmas Ryan traces the development of federalism's tug of war and proposes innovations to manage judicial legislative and executive efforts with more focus Her analysis clarifies how the tug of war is already mediated through balancing compromise and negotiation She proposes a Balanced Federalism model that mediates tensions on three separate planes fostering balance among competing federalism values leveraging the functional capacities of the three branches in interpreting federalism and maximizing the wisdom of both state and federal actors in so doing The new framework better harmonizes values that though in tension have made the American system of government so effective and enduring

British-Irish Relations and Northern Ireland Brendan O'Duffy, 2007 This book examines the evolution of British Irish relations since 1921 and applies theories from political and social sciences including international relations to the Irish Northern Irish case The book includes the generation and analysis of primary data on violence and constitutional debate the analysis of primary sources such as state papers and elite interviews with British and Irish officials representatives of constitutional political parties in Northern Ireland and leaders and activists of republican and loyalist parties organisations Part 1 looks at how the attempt to regulate the Irish nationalist challenge to the British state through dominion status for the

Irish Free State and partition impacted on governance in both jurisdictions The re opening of the Northern Irish Question in the late 1960s is then analysed to demonstrate the continued primacy of opposing claims to national self determination and their impact on subsidiary levels of conflict The final part covering the year 1985 to the present then demonstrates how the relative equalization of national status reflected in the bi national inter governmental relationship has been successful in regulating conflict by integrating vertically the bi nationality at state governmental and societal levels Finally implications of the British Irish approach are developed as contributions to the comparative theory and practice of ethno national conflict regulation
