

Political Capital

Political Capital

Henry Ward Beecher

Political Capital:

Symbolic Power, Politics, and Intellectuals David L. Swartz, 2022-12-22 Power is the central organizing principle of all social life from culture and education to stratification and taste And there is no more prominent name in the analysis of power than that of noted sociologist Pierre Bourdieu Throughout his career Bourdieu challenged the commonly held view that symbolic power the power to dominate is solely symbolic He emphasized that symbolic power helps create and maintain social hierarchies which form the very bedrock of political life By the time of his death in 2002 Bourdieu had become a leading public intellectual and his argument about the more subtle and influential ways that cultural resources and symbolic categories prevail in power arrangements and practices had gained broad recognition In *Symbolic Power Politics and Intellectuals* David L Swartz delves deeply into Bourdieu s work to show how central but often overlooked power and politics are to an understanding of sociology Arguing that power and politics stand at the core of Bourdieu s sociology Swartz illuminates Bourdieu s political project for the social sciences as well as Bourdieu s own political activism explaining how sociology is not just science but also a crucial form of political engagement

Women in Mexican Politics Fernanda Vidal Correa, 2016-12-12 This book offers an analysis of how women s participation is conducted in Mexico s political sphere Federalization and decentralization processes can have a significant impact on women s participation and discrimination By questioning the form in which a democratic state is built that is the degree of de centralization the book looks to a set of forms and processes affecting women s political life A decentralized form of state government implies three levels of government in which women or any other group of people can have active participation central federal government state regional province government and local municipalities government This book offers an analysis of how gender discrimination operates in a different way in each of these levels of government and the corresponding political activity Policies that fight against gender discrimination and promote women s participation in both administration and political parties do not always operate cooperatively and often exist in contradiction with each other

State and Civil Society in Northern Europe Lars Trägårdh, 2007 In neo liberal political and economic climate it is suggested that a state stands in opposition to an autonomous civil society This book offers insights into the dynamics of state and civil society relations against trends of undermining the importance of the welfare state and presents autonomous civic participation as the only way forward

The Commons in the New Millennium Nives Dolsak, Elinor Ostrom, 2003-02-14 Globalization population growth and resource depletion are drawing increased attention to the importance of common resources such as forests water resources and fisheries It is critical that these resources be governed in an equitable and sustainable way *The Commons in the New Millennium* presents cutting edge research in common property theory and provides an overview and progress report on common property research The book analyzes new problems that owners managers policy makers and analysts face in managing natural commons It examines recent findings about the physical characteristics of the commons their complexity

and interconnectedness and the role of social capital It also provides empirical studies and suggestions for sustainable development The topics discussed include the role of financial political and social capital in deforestation community efforts to gain political influence in Indonesia the Maine lobster industry outcomes of the implementation of individual transferable quotas in New Zealand and Iceland fisheries and design of multilateral emissions trading for regional air pollution and global warming
