Political Democracy And Ethnic Diversity In Modern European History:

Political Democracy and Ethnic Diversity in Modern European History André Gerrits, Dirk Jan Wolffram, 2005 This is the first volume in which the fate of democracy is directly related to ethnic diversity It highlights the crucial episodes in modern European political history and shows in what sense ethnic diversity was of vital importance Ethnicity, Nationalism and the European Cold War Robert Knight, 2012-04-26 This book questions the prevalent assumption that ethnicity and nationalist politics had nothing to do with the Cold War and that far from being frozen until the fall of communism they remained central to the conflict in Europe Leading scholars bring their understanding of particular regions to bear on the wider issue of why ethnic explanations were written out of the discourse and whether this was a failure on the part of Western observers This in turn has led to an overly simple understanding of power flowing downwards from superpower to nation state and from state to society Engaging with key thinkers such as Gaddis Moynihan and Adam Roberts this collection ultimately allows such speculation to be replaced by historical research and bridges the gap between high politics and ethnic concerns **The Kuyper Center Review, Volume 4** Gordon Graham, John Bowlin, 2014-04-20 This volume of essays is a new step by the Abraham Kuyper Center for Public Theology at Princeton Theological Seminary to stimulate new work in the broad area of Reformed theology and public life The contributions here deal largely with political themes some contemporary some historical **Contemporary European History**, 2005 **Democratic Stability in an Age of Crisis** Agnes Cornell, Jørgen Møller, Svend-Erik Skaaning, 2020 This book explains why several democracies during the period between the two world wars broke down and others survived and examines the extent to which present day democracies are fragile in the face of crises **Economies, Institutions and Territories** Luca Storti, Giulia Urso, Neil Reid, 2022-08-29 Presenting multidisciplinary and global insights this book explores the nexus between economies institutions and territories and how global phenomena have local consequences It examines how original and innovative economic related processes embed themselves in societies at the local level how boundaries between the state and the market are placed under stress by unexpected changes It explores whether new types of elites and forms of social inequalities are emerging as a result of institutional and economic changes and whether peripheral areas are experiencing insidious forms of economic and institutional lock in Presenting empirical cases and useful analytical and conceptual tools the book makes current economic and territorial phenomena more understandable This is an important read for students and scholars in the fields of geography sociology political sciences anthropology economics regional science and international relations It is also a valuable resource for policymakers well educated lay readers and economic political and international relations journalists *Conditioning Democratization* Ridvan Peshkopia, 2014-04-15 This book analyzes the effects of European Union membership conditionality on institutional reforms in Eastern Europe building on concrete examples from four sectors in Albania and Macedonia two postcommunist countries that have yet to join the EU The author discusses the
