Political Economy Of Underdevelopment:

The Political Economy of Underdevelopment S. B. D. de Silva, 2012-05-23 First published in 1982 this reissue deals with the theory of underdevelopment as Dr de Silva attempts a synthesis between the internal and external aspects of underdevelopment and in the Marxist tradition focuses on the impact of the external on the internal as the dominant reality Viewing underdevelopment as a problem in the non transformation to capitalism this analysis is in terms of the character of the dominant capital and of the dominant classes Underdevelopment thus encompasses the traditional peasant economy and also the export sector where the modernizing influence of colonialism was felt The book finally considers how the contemporary internationalization of capital affected the economies of the Third World The Political Economy of Underdevelopment Amiya Kumar Bagchi, 1982-03-31 An overview of third world problems making use of Marxist and neo Keynesian methods of analysis **The Political Economy of Underdevelopment** Tamás Szentes, 1976 **The Political Economy of Underdevelopment** , 1971 **The Political Economy of Underdevelopment** S. B. DeSilva, S. B. D. De Silva, 1984-01-01 **The Political Economy of Underdevelopment in India** G. Krishnan-Kutty, 1999 This monograph is a new and original venture to make an interpretation of the phenomenon of under development in India Such an endeavour had not been undertaken by social scientists in the past and this work is a path breaking effort by this author The nature and causes of underdevelopment and backwardness in India which came under British domination in spite of the historic background of this country with ancient glory and spiritual history had been subjected to scientific investigation in this research work The theoretical contributions of Francois Perroux 1903 1987 the French economist of world reputation is a special characteristic of this research work The British domination and the establishment of the British empire had been interpreted by the utilisation of the ideas of Francois Perroux This is a very special feature of this research work The author had worked in close collaboration with this economist in Paris for several years The features of Hinduism in India in relation to the precipitation of under development is also a special feature of this research work Political economy as a theme of research endeavour had not taken shape in India at the present epoch Hence this endeavour has such a major claim also for this special feature in finding out the causes of backwardness of this ancient country The features of colonialism which was established in this land are traced in depth while the religious features are given due importance *The Political Economy of Development and Underdevelopment* Charles K. Wilber, 1988 The Political Economy of Development and Underdevelopment Kenneth P. Jameson, Charles K. Wilber, 1996 Focuses on the complex problems and solutions of economic development of underdeveloped countries within a changing international context This text offers a broad view of development capturing the more inclusive political economy approach which examines the political and social factors *Zaire, the Political Economy of Underdevelopment* Guy Gran, Galen Hull, 1979 The Political Economy of Underdevelopment Rita Cruise O'Brien, 1979-05 Monograph essays on the economic policy of underdevelopment and

The Political Economy of Development and Underdevelopment in Africa Toyin Falola,Jessica Achberger,2013-06-07 While Africa is too often regarded as lying on the periphery of the global political arena this is not the case African nations have played an important historical role in world affairs It is with this understanding that the authors in this volume set out upon researching and writing their chapters making an important collective contribution to our understanding of modern Africa Taken as a whole the chapters represent the range of research in African development and fully tie this development to the global political economy African nations play significant roles in world politics both as nations influenced by the ebbs and flows of the global economy and by the international political system but also as actors directly influencing politics and economics It is only through an understanding of both the history and present place of Africa in global affairs that we can begin to assess the way forward for future development

The Political Economy of Underdevelopment in Sub-Saharan Africa Christopher E.S. Warburton,2024-10-14 This book provides a unique combination of history politics and economics to rationalize the progression of underdevelopment in Sierra Leone and the challenges of economic growth and development confronting some Sub Saharan African countries It concisely presents the internal frictions that are most responsible for the underdevelopment of Sierra Leonean since 1961 while also benchmarking the performance of the country with some countries in the subregion Europe the US Latin America and Asia It highlights the external threats that are highly capable of stifling the economic growth and sustainable development of the country including sovereign debt the paucity of human capital the use of natural resources and external shocks The central concepts of analysis include the premise for underdevelopment contexts for business strategies and rivalry in an underdeveloped economy economic growth productivity sustainable development international trade and threats to macroeconomic stability in the form of volatile commodity prices loss of competitiveness inaccessible foreign markets deficient healthcare infrastructure the cost of unsustainable sovereign debt and the viability of long term investments The book has been intentionally developed for all those who are strongly interested in the political economy of Sub Saharan Africa with particular emphasis on Sierra Leone empirical work on economic growth and development academic instruction on international political economy international organizations and policymakers

Dependence and Underdevelopment: Latin America's Political Economy James D. Cockcroft,Andre

Gunder Frank, Dale L. Johnson, 1972 This book challenges all of the most commonly held ideas regarding underdevelopment. The process of development, say the authors, is not a matter of higher Gross National Products which to the contrary often serve to increase a country's long run underdevelopment. Meaningful development is a political as well as an economic process which improves the quality of life for the people of a country. The authors argue that underdevelopment far from being an original or natural condition of the countries of the so called Third World is a condition imposed by the international expansion of capitalism. The authors go on to dispute some common assumptions regarding industrialization, economic aid, and the allegedly progressive nature of the international expansion of capitalism. The authors go on to dispute some common assumptions regarding industrialization, economic aid, and the allegedly progressive nature of native bourgeoisies. The theory of development and underdevelopment presented in this book is supported by case studies of Mexico, Venezuela, Chile, and other Latin American nations, but the implications extend to Asia, Africa, the Middle East, and the internal colonies of the United States. The political economy of underdevelopment Tamás Szentes, 1971 **The Political Economy of**

Underdevelopment in the Global South Justin van der Merwe, Nicole Dodd, 2019-01-07 This book presents a new theory explaining underdevelopment in the global South and tests whether financial inputs, the government, business, media, GBM, complex and spatiotemporal influences drive human development. Despite the entrance of emerging powers and new forms of aid, trade, and investment, international political economic practices still support well established systems of capital accumulation to the detriment of the global South. Global asymmetrical accumulation is maintained by affective consent, forming hegemonic practices and infrastructural, uneven economic exchanges, labours, and by power networks. The message for developing countries is that robust GBMs can facilitate human development and development is constrained by spatiotemporal limitations. This work theorizes that aid and foreign direct investment should be viewed with caution and that in the global South these investments should not automatically be assumed to be drivers of development. Seligson, John T. Passé-Smith, 1993-01 **Unequal Exchange, Imperialism and Underdevelopment** Ranjit Kumar Sau, 1978 Monograph examining the economic policy relationship between underdevelopment, neo colonialism, and unequal exchange in factors relating to economic development in developing countries. Discusses the past and present inequalities in commodity trade, capital flow, and technology transfer and concludes that the continuance of inequality is rooted in capitalist ruling classes of developing countries themselves.
