Political Theory And Partisan Politics:

Political Theory and Partisan Politics Edward Bryan Portis, Adolf G. Gundersen, Ruth Lessl Shively, 2000-06-01 Renowned theorists address the interconnections between those who engage in political struggle and those who study it **The Party Politics of Territorial Reforms in Europe** Emanuele Massetti, Simon Toubeau, 2015-09-07 The book analyses how political parties compete and strategise on the issue of territorial reform using case studies that include countries from both Western Belgium Germany Italy and Spain and Central Eastern Europe Poland Slovakia and Romania Each case study in the volume considers the different drivers of decentralization such as territorial identities and the demands of regionalist parties for territorial autonomy or independence efficiency concerns related to issues of uneven economic development and economic competitiveness the pressure from supra national organizations especially the EU as well as different combinations of these drivers They also consider how the ideology and organisation of state wide parties and the institutional context in which they compete shape their responses to these drivers and their strategy towards the question of territorial reform This collection investigates the logic of the actions that guide political parties strategy to highlights trends that are apparent across the case studies This book was originally published as a special issue of West European Politics **Parties, Partisanship and Political Theory** Matteo Bonotti, Veit Bader, 2016-04-14 Political parties have only recently become a subject of investigation in normative political theory Parties have traditionally been studied by political scientists in their organizational features and in relation to the analysis of related topics such as party systems and electoral systems Little attention however was paid until recently to the normative assumptions that underlie partisanship and party politics Are parties desirable for democratic politics How should liberal democracies deal with extremist and or anti democratic parties Do religious parties undermine the secular distinction between religion and politics and is that bad for liberal democracies These are only some of the many questions that political theorists had left unanswered for a long time The papers in this collection aim to provide a twofold contribution to the normative analysis of partisanship On the one hand they aim to offer a first much needed state of the art of the existing research in this area Many of the contributors have already done extensive research on partisanship and their pieces partly reflect their research expertise and individual approaches to this topic On the other hand all pieces move beyond the authors existing work and represent significant additions to the normative literature on partisanship thus setting the standards for future research in this area This book was published as a special issue of Critical Review of International Social and Political Philosophy Politicians and Party Politics John Gray Geer, 1998 Focusing on politicians as individuals rather than their political parties thirteen essays from a distinguished group of contributors examine how politicians as party members motivate voters how they conduct campaigns and how they behave in government 36 illustrations **Rethinking Party Reform** Fabio Wolkenstein, 2020 This book addresses a question of fundamental importance to contemporary representative democracies How could political parties reconnect with society It advances a normative account of party

reform drawing on both democratic theory and political science scholarship on parties **Handbook of Party Politics**
 Richard S Katz, William J Crotty, 2006-01-05 This thoughtful and wide ranging review of parties and party research contains contributions from many of the foremost party scholars and is a must for all library shelves Richard Luther Keele University
 The study of political parties has never been livelier and this genuinely international Handbook theoretically rich comparatively informed and focused on important questions defines the field This volume is both an indispensable summary of what we know and the starting point for future research R K Carty University of British Columbia Political parties are ubiquitous but their forms and functions vary greatly from regime to regime from continent to continent and from era to era The Handbook of Party Politics captures this variation and richness in impressive ways The editors have assembled an excellent team and the scope of the volume is vast and intriguing Kaare Strom University of California San Diego Political parties are indispensable to democracy and a central subject of research and study in political science around the world This major new handbook is the first to comprehensively map the state of the art in contemporary party politics scholarship The Handbook is designed to provide an invaluable survey of the major theories and approaches in this dynamic area of study and research give students and researchers a concise road map to the core literatures in all the sub fields of party related theorizing and research identify the theories approaches and topics that define the current cutting edge of the field The Handbook is comparative in overall approach but also addresses some topics to be addressed in nationally or regionally specific ways The resulting collaboration has brought together the world s leading party theorists to provide an unrivalled resource on the role of parties in the pressing contemporary problems of institutional design and democratic governance today *Individual Representation and Local Party Government* Marko Kukec, 2019-10-20 Marko Kukec studies the effect of intra party coordination on individual behavior of local councilors which is usually considered to be restrictive of individual behavior of representatives Drawing on the potential of individual activities to serve as vote seeking devices this book offers a contrasting perspective implying that party leaders have good reasons to rather stimulate such activities Based on surveys of Croatian and Slovenian local councilors it finds that the effect varies across different activities and institutional contexts This study contributes to deeper understanding of the partisan aspect of local representative democracy The Civil Service Record Arthur Hobart, Bancroft C. Davis, William Vail Kellen, Robert Parker Clapp, Richard Henry Dana, 1884

Bewegungsparteien und Volksparteien neuen Typs Seongcheol Kim, 2024-11-20 Seit 2010 sind neue Formen der Parteiorganisation zu sichtbaren Bestandteilen des Parteienwettbewerbs in vielen europäischen Ländern geworden Dieses Buch greift das in aktivistischen und demokratietheoretischen Debatten zunehmend verbreitete Vokabular von Horizontalität und Vertikalität auf und entwickelt einen diskursiv organisatorischen Forschungsansatz zur Einordnung horizontaler und vertikaler Spielarten parteiformiger Organisationspraxis Im Mittelpunkt stehen dabei Bewegungsparteien und Volksparteien neuen Typs als paradigmatische Formen horizontaler bzw vertikaler Parteiorganisation Unter Berücksichtigung zahlreicher

aktueller Fallbeispiele aus ganz Europa untersucht Seongcheol Kim die Funktionsweise dieser Parteitypen im dynamischen Spannungsfeld zwischen horizontal verflachter Koordination und vertikal zugespitzter Führung *Virginia Law Review*, 1984 Shaping Modern Liberalism Edward A. Stettner, 1993 A well researched and pertinent discussion of one of American liberalism's most important exponents Choice A concise intelligent and highly readable study What is fresh and extremely valuable is the flesh that Stettner puts on the bones of the old generalization about Croly and liberalism This is a worthy addition to the literature on this important and influential American thinker American Historical Review

Macmillan's Magazine, 1886 **American Party Politics** Gerald M. Pomper, 1966 **Forthcoming Books** Rose Arny, 2000-06 **Duty, with Illustrations of Courage, Patience, and Endurance** Samuel Smiles, 1880 *Subject Guide to Books in Print*, 1991 Report of the proceedings and debates of the Convention for the revision of the constitution of the State of New York, 1867 - 68, 1888 **The Saturday Evening Post**, 1925 Book Review Index, 2002 **The Popular Science Monthly**, 1882
