Hyslop, 2015-11-18 It was scarcely a happy idea of Professor Hyslop's in giving the title of Psychical Research and the Resurrection to his book Except in the final chapter the volume is not concerned with the question of the value of psychical research in strengthening belief in the doctrine of the resurrection it is merely a collection of essays dealing with a variety of topics in the field which Professor Hyslop has been diligently cultivating for so many years Probably the greatest interest attaches to the essays in which he reviews the communications alleged to have been received through several mediums from the spirit of the late Richard Hodgson in his day a most expert detective of the supernatural Professor Hyslop seems to entertain little doubt that he has been actually in touch with his departed colleague although he emphatically disclaims the prevalent idea that in matters of this sort he is irretrievably committed to the spiritistic hypothesis I do not put it forward he writes as anything more than a working hypothesis and shall unhesitatingly abandon it if a better and simpler hypothesis can be obtained and supported by evidence At the same time it is not without interest to note that the particular hypothesis the telepathic hypothesis which many investigators regard as the only alternative explanation of the more striking psychical phenomena is vigorously attacked by Professor Hyslop As we understand the matter however his conception of telepathy differs from that entertained by its advocates so that his criticism of their application of it will probably have little effect on them In fact it is a great pity that he has seen fit to burden his pages with so much controversial material Still the book is undoubtedly useful to those who wish to keep abreast of the progress of psychical research in the

Morehead, 2019-02-18 Interest in preternatural and supernatural themes has revitalized the Gothic tale renewed explorations of psychic powers and given rise to a host of social and religious movements based upon claims of the fantastical And yet in spite of this widespread enthusiasm the academic world has been slow to study this development This volume rectifies this gap in current scholarship by serving as an interdisciplinary overview of the relationship of the paranormal to the artefacts of mass media e g novels comic books and films as well as the cultural practices they inspire After an introduction analyzing the paranormal s relationship to religion and entertainment the book presents essays exploring its spiritual significance in a postmodern society its post modern representation in literature and film and its embodiment in a number of contemporary cultural practices Contributors from a number of disciplines and cultural contexts address issues such as the shamanistic aspects of Batman and lesbianism in vampire mythology Covering many aspects of the paranormal and its effect on popular culture this book is an important statement in the field As such it will be of utmost interest to scholars of religious studies as well as media communication and cultural studies **Animal Magnetism, Early Hypnotism, and Psychical Research, 1766-1925** Adam Crabtree, 1988 **Das Mysterium des Menschen im Licht der Psychischen Forschung** Ludwig Deinhard, 1910 **The Resurrection of Jesus** Dale C. Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus resurrection are considered in this landmark work by Dale

C Allison Jr drawing together the fruits of his decades of research into this issue at the very core of Christian identity Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history Beginning with historical critical methodology that examines the empty tomb narratives and early confessions Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body Finally Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints In his final section of modest results he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't

Psychical Research The Resurrection: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. Psychical Research The Resurrection : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
