Therapists Who Have Sex With Their Patients Herbert S. Streehan, 2018-10-24 First published in 1994 Therapists who use and abuse their power make for high talk show ratings and tabloid sales but are these people simply to be written off as sick and evil Dr Herbert Streehan believes not In this

unflinchingly honest book Dr Streaan who has treated such abusive caregivers many times in his practice seeks to create a more humane portrait of therapists who have affairs with their patients Central to the book are four fascinating case studies of therapists Ronald S is a heterosexual psychiatrist with homosexual fantasies who wants to be a woman with his own male therapist Roslyn M is a therapist who administers love treatment in the therapy room and charges for it Bob W is a promiscuous sex addict who thinks despite his physical unattractiveness that all his women patients hunger for him Al G is a sadomasochistic social worker who makes his female ex patients suffer These cases give voice to the feelings fantasies and dreams of therapists who have crossed the boundary Through them we come to understand that it is treatment not punishment that will prevent others from falling prey to healers who are them selves in desperate need of healing
