**Psychotherapy and Training in Clinical Social Work** Judith Marks Mishne,1980      *Theory & Practice in Clinical Social Work* Jerrold R. Brandell,2010-02-16 Today s clinical social workers face a spectrum of social issues and problems of a scope and severity hardly imagined just a few years ago and an ever widening domain of responsibility to overcome them Theory and Practice in Clinical Social Work is the authoritative handbook for social work clinicians and graduate social work students that keeps pace with rapid social changes and presents carefully devised methods models and techniques for responding to the needs of an increasingly diverse clientele Following an overview of the principal frameworks for clinical practice including systems theory behavioral and cognitive theories psychoanalytic theory and neurobiological theory the book goes on to present the major social crises problems and new populations the social work clinician confronts each day Theory and Practice in Clinical Social Work includes 29 original chapters many with carefully crafted and detailed clinical illustrations by leading social work scholars and master clinicians who represent the widest variety of clinical orientations and specializations Collectively these leading authors have treated nearly every conceivable clinical population in virtually every practice context using a full array of treatment approaches and modalities Included in this volume are chapters on practice with adults and children clinical social work with adolescents family therapy and children s treatment groups other chapters focus on social work with communities affected by disasters and terrorism clinical case management cross cultural clinical practice psychopharmacology practice with older adults and mourning and loss The extraordinary breadth of coverage will make this book an essential source of information for students in advanced practice courses and practicing social workers alike      *Psychotherapist's Guide to Psychopharmacology* Michael J. Gitlin,2007-09-12 In the first accessible psychopharmacology text written specifically for psychotherapists Gitlin explains when to refer patients for consultation about possible medication how to better treat patients already on medication and how to work collaboratively with psychopharmacologists He reviews the criteria for selecting among treatment options and the likely course and side effects of each and provides case histories to illustrate subtleties in diagnosis The book also lists all medications by generic and trade names the side effects and dosage range for each      **Journal of Education for Social Work** ,2005      **Social Work** ,1989      **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1983      *Current Catalog* National Library of Medicine (U.S.),1983 First multi year cumulation covers six years 1965 70      American Book Publishing Record ,1984-04      **A Casebook of Child Psychotherapy** Shirley Cooper,Leon Wanerman,1984      *Chicago Psychoanalytic Literature Index* ,1987      **Casework, a Psychosocial Therapy** Mary E. Woods,Florence Hollis,1990 Textbook      *Social Worker* ,1980      Countertransference in Psychotherapy With Children and Adolescents Jerrold R. Brandell,1992 In this book Brandell examines the specific countertransference associated with child and adolescent disorders and shows how its recognition provides the therapist with essential clinical information and influences the course of
