Comparative Public Budgeting George M. Guess, Lance T. LeLoup, 2010-09-30 Increasingly governments must respond to the negative impacts of global economic crises on their revenues to finance needed services and the collapse of their real industrial and financial banking sectors How they respond most effectively is a new study area which demands sharing of lessons between nations on government fiscal policies and performance Budgeting for and financing of government programs and services vary widely among nations and it is important that we understand the implications of similarities and differences in methods and systems Only through comparative analysis of public budgeting systems can results be improved in such policy areas as health education economic stabilization and infrastructure development The current global economic crisis has increased fiscal deficits and the accumulated public debts of most countries It is especially critical now that lessons from budgeting in particular regional clusters be compared and that policymakers adopt the most relevant and useful ones that are available In *Comparative Public Budgeting* George M Guess and Lance T LeLoup examine conditions affecting budget decisions at the national and local levels They review how nations classify their revenue and expenditure transactions compare cultural and economic conditions between regions and examine legal and institutional features that affect public management of budgets Incorporating the most recent and significant changes in budget policy spanning more than 230 nations including the United States the Commonwealth countries and a selected group of European Union members this book offers a fresh analysis of how cultural institutional and political forces determine how countries allocate resources and spend them for programs and policies

Public Budgeting in Search for an Identity Maria Francesca Sicilia, Ileana Steccolini, 2020-12-27 Public Budgeting in Search for an Identity State of the Art and Future Challenges provides a state of the art reflection on current trends in international public budgeting representing an important pillar in the accumulation of knowledge on public sector budgeting processes contents evolutions and critical issues Budgeting is central in public sector organizations It performs a complex variety of functions being the arena where multiple actors cultures and professional identities interact making it an extremely fascinating field and topic of investigation There is a significant need and scope for exploring budgeting processes in the public sector today as a consequence of the managerial waves of reforms that have taken place over the last few decades and the implementation of austerity programmes as well as in light of current trends including emerging challenges related to community care and wellbeing rising inequality people flows climate change pandemics and the persistence of democratic deficits The chapters in this volume address critical issues on this broad topic offering new perspectives on current evolutions in public budgeting including among others participatory budgeting performance budgeting the budgetary slack resources and the need to ensure balance between budget control and flexibility These contributions show that public budgeting can and must remain the subject of enduring interest in our studies The chapters in this book were originally published as a special issue of Public

Management Review **The Public Budgeting and Finance Primer** Jay Eungha Ryu, 2015-01-28 This primer succinctly summarises key theoretical concepts in fiscal choice for both practitioners and scholars The author contends that fiscal choice is ultimately a choice of both politics and economics The book first introduces budget institutions and processes at various levels of government which restrict budget decision makers discretion It also explains budget decision makers efforts to make rational resource allocations It then shows how and why such efforts are stymied by the decision makers capacity and institutional settings The book s unique benefit is its emphasis on all the essential topics with short module type chapters which can be read in any order **Public Budgeting** Fremont J. Lyden, Ernest G. Miller, 1982 **Public Performance Budgeting** Elaine Yi Lu, Katherine Willoughby, 2018-10-26 Winner of the the inaugural Best Book Award from the Association for Budgeting and Financial Management Performance budgeting involves costs from the drafting and passage of legal foundations and the political capital and will to implement it to training personnel to create a performance oriented culture and information technology requirements to track performance Through comprehensive examination of performance budgeting laws in depth interviews of those practicing in government agencies and quantitative survey analysis Public Performance Budgeting examines the influence of performance measurement and evaluation on all phases of the budgeting process Lu and Willoughby present original research and case studies to explore how performance is linked to public budgets and government results its impacts on budgeting systems and possible unintended consequences A summary assessment of how performance measurement could and should play a role in furthering performance budgeting is explored in a concluding chapter The first of its kind to spotlight budget practice through the lens of juvenile justice this book is required reading for all those studying public budgeting management and policy **The National Budget System** Charles Wallace Collins, 1917 Budgeting Systems and Their Applicability in Public Sector Muhlis Bagdigen, 2016 Views on the need for a public budget have varied over time Before the twentieth century the chief reason for the early application to the budget was a desire to control public spending and taxation The mid twentieth century saw major worldwide changes in socio economic circumstances and therefore in budgeting Keynesian thinking had led many economists to consider the public budget not only as legislative governmental tool but also as an instrument for political economic accounting and administrative of the public sector Since then the budget has been examined from the viewpoint of a number of disciplines This paper analyzes the issue of budgeting and budgeting systems with special reference to TBS PBS and PPBS and their applicability in public sector Comparisons of these systems have shown that although TBS is used widely within the public sector PPBS is however dominated as the most functional one to apply for budgeting **Budgeting for Local Governments and Communities** Douglas Morgan, Kent S. Robinson, Dennis Strachota, James A. Hough, 2017-09-19 Budgeting for Local Governments and Communities is designed as the primary textbook for a quarter or semester long course in public budgeting and finance in an MPA programme Many currently available texts for this course suffer from a combination of defects that include a focus on

federal and state budgeting a lack of a theoretical governance framework an omission of important topics and typically a lack of exercises and datasets for student use Budgeting for Local Governments and Communities solves all of these problems The book is exceptionally comprehensive and well written and represents the efforts of veteran authors with both teaching and real world experience Key Features Special Focus on Local Government Budgeting focuses exclusively on budgeting at the local levels of American government which are responsible for spending 40 percent of the taxes collected from citizens Integration of Theory and Practice teaching cases and chapters capture the lessons learned by professional practitioners who have extensive experience in making local public budgeting work on the ground Polity Approach to Local Budgeting presents an introduction to local budgeting as the central political activity that integrates the resources of the community into a unified whole Budgeting is presented as governance work rather than as a unique set of skills possessed by analysts and financial specialists Legal Historical Economic and Moral Foundations of Local Government Budgeting provides readers with an understanding of how the structures and processes of local budgeting systems are firmly tethered to the underlying core values legal principles and historical development of the larger American federal state and local political systems Electronic Datasets and Budgeting Exercises the text includes access to extensive electronic datasets and practice exercises that provide abundant opportunities for students to learn through doing Extensive Glossary and Bibliography covers terms on the history and practice of local public budgeting **The Elements of Public Finance** Winthrop More Daniels,1899

Comparative Public Budgeting Charles Menifield,2011 Comparative Public Budgeting and Finance is a collection of original chapters examining public budgeting issues methods and techniques in countries around the world Each chapter explores the history of the budget system and how it fits within the political system in the country as well as the legal foundation and any reforms that affect the budget system A discussion of revenue and expenditure allocations is included in each section Each chapter also examines topics such as budget behavior and decision making capital budgeting analytical processes budget processes intergovernmental relations budget reform performance budgeting and financial management Each chapter concludes with a list of thought provoking questions an appendix end notes and a glossary which provides a point of departure for classroom discussion as well as individual student research on each country *Public Budgeting System In India: A Case Study Of Rajasthan* Chhagan Lal Khandelwal,2001 This Volume Is A Pioneering Study In The Realm Of Government Budgeting At The State Level Its Suggestion Sand Lessons Are Bound To Be Of Utility At The Cross State Level In India And Other Developing Countries Which Are Struggling To Introduce Effective Financial Administration In Government Systems
