## **Public Administration In Hong Kong:**

**Public Administration in Hong Kong** Ian Scott, 2005 The series Public Administration in Asia provides a periodically updatable resource that examines the public administrations of Asian countries looking at all the factors involved in the formulation of public policies The Hong Kong civil service has experienced considerable change since the retrocession to China in 1997 The new political order has attempted to exert more control over the public sector to introduce new approaches to formulating and implementing policy and to re define the relationships between the government and the public In this book the author describes the system of public administration in this changed political context compares the way in which it now operates with that of its colonial predecessor and analyzes the difficulties which the new regime and the public sector has faced in meeting the challenges posed by economic recession epidemics and the fierce debates generated by its constitutional policies

**Public Administration in Hong Kong** Sir Charles Henry Collins, 1975

**Public Administration in Hong Kong** Wei Li, 2023-06-30 This book investigates the case of Hong Kong Special Administrative Region SAR of People s Republic of China mapping the changing patterns of political administrative relations affected by the sovereignty change and structural reforms It identifies the conditions that account for the varied political administrative relations resulting from these changes and develops an analytical framework that integrates and adapts theories and models from Western contexts to explain varied political administrative relations in Hong Kong policymaking The book tests its hypotheses through a qualitative comparative analysis of 18 cases occurring during the period of 1997 2012 It also conducts a comparative case analysis which identified alternative causal conditions that were missing in the original framework The book concludes that civil servants no longer dominate policymaking in Hong Kong after the regime change and structural reforms While senior civil servants have sustained influence over policymaking processes through codified rules and political appointment some of them have adapted to the changes in political environment that require more proactive policy styles and more hierarchical loyalty to the Central People s Government of China than before The first hand interview materials presented in the book provide insights about internal political administrative dynamics rarely accessible from the public domain These insights provide inside knowledge of the actors structure and processes of local policymaking in a context of post colonial transition and will be of interest to public administration scholars

**Public Policymaking in Hong Kong** Eliza W.Y. Lee, Elaine Y.M. Chan, Joseph C.W. Chan, Peter T.Y. Cheung, Wai Fung Lam, Wai Man Lam, 2013-02-11 Why and how has civic engagement emerged in the policy process of Hong Kong as an Asian semi democratic state This book attempts to answer this question through examining six cases that straddle diverse policy domains It identifies three explanatory factors namely the profile of a policy domain the structure of societal interest and the strength of the civil society sector as important in shaping the state s strategy in managing society hence its propensity to

engage These factors affect the outcome through dynamic interaction between the state and societal actors The findings outlined in the book show that the development of civic engagement in Hong Kong consists of both society led and state led cases Society led development brought about a high degree of openness and inclusiveness whereas state led civic engagement practices tended to be tactics utilized by the state for appeasing or depoliticizing civil society Compared with other Asian regimes the use of transgressive contention as a way to compel the state to engage society is a feature that stands out in the liberal autocratic regime in Hong Kong
