Disfigured Images Patricia Morton, 1991-05-21 Much of the material unearthed by this book is ugly states historiographer Patricia Morton who exposes profoundly dehumanizing constructions of reality embedded in American scholarship as it has attempted to render the history of the Afro American woman Focusing on the scholarly literature of fact rather than on fictional or popular portrayals *Disfigured Images* explores the telling and frequent mis telling of the story of black women during a century of American historiography beginning in the late nineteenth century and extending to the present Morton finds that during this period a large body of scholarly literature was generated that presented little fact and much fiction about black women s history The book s ten chapters take long and lingering looks at the black woman s prefabricated past Contemporary revisionist studies with their goals of discovering and articulating the real nature of the slave woman s experience and role are thoroughly examined in the conclusion *Disfigured Images* complements current work by recognizing in its findings a long needed refutation of a caricatured mythical version of black women s history Morton s introduction presents an overview of her subject emphasizing the mythical ingrained nature of the black woman s image in historiography as a natural and permanent slave The succeeding chapters use historical and social science works as primary sources to explore such issues as the foundations of sexism racism the writing of W E B DuBois twentieth century notions of black women current black and women s studies new and old images of motherhood and more The conclusion investigates how and why recent American historiographical scholarship has banished the old myths by presenting a more accurate history of black women This keenly perceptive and original study should find an influential place in both women s studies and black studies programs as well as in American history American literature and sociology departments With its unusually complete panorama of the period covered it would be a unique and valuable addition to

courses such as slavery the American South women in North American history Afro American history race and sex in American literature and discourse and the sociology of race Greek and Roman Portraits in Norwegian Collections Siri Sande,1991 **William Sharp and "Fiona Macleod"** William F. Halloran,2022-02-24 William Sharp 1855 1905 conducted one of the most audacious literary deceptions of his or any time A Scottish poet novelist biographer and editor he began in 1893 to write critically and commercially successful books under the name Fiona Macleod who became far more than a pseudonym Enlisting his sister to provide the Macleod handwriting he used the voluminous Fiona correspondence to fashion a distinctive personality for a talented but remote and publicity shy woman Sometimes she was his cousin and other times his lover and whenever suspicions arose he vehemently denied he was Fiona For more than a decade he duped not only the general public but such literary luminaries as George Meredith Thomas Hardy Henry James William Butler Yeats and E C Stedman Drawing extensively on his letters his wife Elizabeth Sharp s Memoir and accounts by friends and associates this biography provides a lucid and intimate account of William Sharp s life from his rejection of the dour religion of his Scottish boyhood his turn to spiritualism to his role in the Scottish Celtic Revival in the mid nineties The biography illuminates his wide network of close male and female friendships through which he developed advanced ideas about the place of women in society the constraints of marriage the fluidity of gender identity and the complexity of the human psyche Uniquely this biography reveals the autobiographical content of the writings of Fiona Macleod the remarkable extent to which Sharp used the feminine pseudonym to disguise his telling and retelling the complex story of his extramarital love affair with a beautiful and brilliant woman The biography illuminates not only the talented and conflicted William Sharp but also the cultural landscape of Great Britain in the late nineteenth century From late Pre Raphaelitism through the yellow nineties and on to the excesses of the early twentieth century Sharp dabbled in all the movements that comprised what some have called the Age of Decadence *Perceptual Organization in Computer and Biological Vision* James Elder,Dirk Bernhardt-Walther,Anitha Pasupathy ,Mary A. Peterson,2024-08-22 A principal challenge for both biological and machine vision systems is to integrate and organize the diversity of cues received from the environment into the coherent global representations we experience and require to make good decisions and take effective actions Early psychological investigations date back more than 100 years to the seminal work of the Gestalt school Yet in the last 50 years neuroscientific and computational approaches to understanding perceptual organization have become equally important and a full understanding requires integration of all three approaches This highly interdisciplinary Research Topic welcomes contributions spanning Computer Science Psychology and Neuroscience with the aim of presenting a single unified collection that will encourage integration and cross fertilization across disciplines The Life and Letters of William Sharp and "Fiona Macleod". Volume 3: 1900-1905 William F. Halloran,2020-09-28 What an achievement It is a major work The letters taken together with the excellent introductory sections so balanced and judicious and informative what emerges is an amazing picture of William Sharp the man and the

writer which explores just how fascinating a figure he is Clearly a major reassessment is due and this book could make it happen Andrew Hook Emeritus Bradley Professor of English and American Literature Glasgow University William Sharp 1855 1905 conducted one of the most audacious literary deceptions of his or any time Sharp was a Scottish poet novelist biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod This was far more than just a pseudonym he corresponded as Macleod enlisting his sister to provide the handwriting and address and for more than a decade Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats and in America E C Stedman Sharp wrote I feel another self within me now more than ever it is as if I were possessed by a spirit who must speak out This three volume collection brings together Sharp s own correspondence a fascinating trove in its own right by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti Walter Pater and George Meredith and the Fiona Macleod letters which bring to life Sharp s intriguing second self With an introduction and detailed notes by William F Halloran this richly rewarding collection offers a wonderful insight into the literary landscape of the time while also investigating a strange and underappreciated phenomenon of late nineteenth century English literature It is essential for scholars of the period and it is an illuminating read for anyone interested in authorship and identity
