**The Cambridge History of Literary Criticism: Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives** Christa Knellwolf, Christopher Norris, Jessica Osborn, 1989 This ninth volume in The Cambridge History of Literary Criticism presents a wide ranging survey of developments in literary criticism and theory during the last century Drawing on the combined expertise of a large team of specialist scholars it offers an authoritative account of the various movements of thought that have made the late twentieth century such a richly productive period in the history of criticism The aim has been to cover developments which have had greatest impact on the academic study of literature along with background chapters that place those movements in a broader intellectual national and socio cultural perspective In comparison with Volumes Seven and Eight also devoted to twentieth century developments there is marked emphasis on the rethinking of historical and philosophical approaches which have emerged especially during the past two decades as among the most challenging areas of debate

**Rethinking the Uncanny in Hoffmann and Tieck** Marc Falkenberg, 2005 This stimulating new book challenges Freud's definition of the uncanny prevalent in the study of Gothic and Romantic fiction by reviving the importance of uncertainty in the uncanny Literary criticism views the uncanny as an expression of the return of the repressed Falkenberg's expanded definition includes but is not limited to the psychoanalytic and instead redefines the uncanny as a cognitive and aesthetic phenomenon Beyond offering a survey of what David Punter has called The Theory of the Uncanny this study places the uncanny in the context of the poetological and philosophical background of the Romantic period In close readings of two stories that have stood at the center of the debate about the uncanny E T A Hoffmann's Sandman and Ludwig Tieck's Blond Eckbert the author shows how these texts are constructed as uncanny phenomena in themselves The study traces fairytale elements framing techniques and interdependencies between the fictional productions of the protagonists and their dark fates to expose how these texts confront the reader with paradoxical decoding instructions This expanded and revised uncanny not only yields new readings of two classic German short stories it also leads to a better understanding of the cultural soil that nourished the Romantic Movement

**Jacques Lacan (Volume II) (RLE: Lacan)** Michael Clark, 2014-01-23 This bibliography in two volumes originally published in 1988 lists and describes works by and about Jacques Lacan published in French English and seven other languages including Japanese and Russian It incorporates and corrects where necessary all information from earlier published bibliographies of Lacan's work Also included as background works are books and essays that discuss Lacan in the course of a more general study as well as all relevant items in various bibliographic sources from many fields

**Die Literatur der Literaturdidaktik** Florian Schultz-Pernice, 2019-03-25 Wie ist Literatur zu konzipieren damit die Literaturdidaktik als wissenschaftliche Disziplin und der Literaturunterricht als Praxis theoretisch fundiert und produktiv entfaltet werden können Diese Frage steht im Mittelpunkt des vorliegenden Buches Durch eine Analyse der Spannungen zwischen literaturwissenschaftlichen und

didaktischen Anforderungen im Diskurs der Literaturdidaktik legt Florian Schultz Pernice dabei Notwendigkeit und Konturen einer eigenständigen literaturdidaktischen Objektkonstitution frei Der Autor erarbeitet auf dieser Basis den Entwurf einer Literatur der Literaturdidaktik und verortet diesen im Spektrum literaturtheoretischer und literaturdidaktischer Ansätze

*Ulysses* Rainer Emig, 2017-03-14 This collection of recent essays on James Joyce's masterpiece *Ulysses* provides an up to date overview of debates in Joycean scholarship with particular emphasis on gender postcolonial and ideological critiques and deconstructive readings The essays are framed by an introduction that assesses particularity and universal schemes in Joyce's novel including its role in modern literature      **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1988      *Psychoanalytic Criticism* Elizabeth Wright, 1993      **Current Catalog** National Library of Medicine (U.S.), 1988      First multi year cumulation covers six years 1965-70      *Innsbrucker Beiträge zur Kulturwissenschaft*, 1993

**Psychoanalytic Criticism** Elizabeth Wright, 2013-08-21 First published in 2002 Modes and categories inherited from the past no longer seem to fit the reality experienced by a new generation *New Accents* is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change to stretch rather than reinforce the boundaries that currently define literature and its academic study The purpose of this book is to give a critical overview of what has become a very wide field the relationship of psychoanalytic theory to the theories of literature and the arts and the way that developments in both domains have brought about changes in critical practice      **Rethinking the Uncanny in Hoffman and Tieck** Marc Falkenberg, 2005 This stimulating new book challenges
