The Experiences of Refugee Youth from Burma in an American High School Lisa Roof, Mary B. McVee, 2020-12-29

This timely volume uses critical ethnographic methods to trace the experiences and identities of refugee students from Burma as they move through their final year of schooling in an urban high school in the United States. Against the backdrop of increasing tensions surrounding immigration and identity in America, *The Experiences of Refugee Youth from Burma in an American High School* presents an analysis of the academic paths of adolescent immigrants and the challenges they face throughout their schooling. Delving into the historical and socio-political context of the school and surrounding landscape, this volume offers an immersive insider perspective of the educational circumstances of Say Say Paw Htoo and Hlaing, the three newcomer youths from Burma. Through detailed ethnographic narratives, readers are introduced to resilient adolescents who navigate their way through the maze of social expectations, language learning demands, and ethnic-related tensions to rebuild their identities in the United States. By highlighting the students' stories and identities, the book shows how racism is subtly woven into the fabric of education in the United States and how schools can provide more equitable schooling for newcomers from other nations. This volume will benefit graduate students, researchers, academics, and pre-service teachers in the fields of English language learning, refugee and immigrant education, and the sociology of education. Those with an interest in urban and multicultural education will also find this text useful.

The Gunners Rebecca Kauffman, 2019-01-10 What's the point in friends if you can't share your secrets? *The Gunners* used to be inseparable. A gang of latchkey kids, they took their name from the doorbell of the abandoned house they played in as children and drank in as teenagers. Together, they navigated the difficult journey from childhood to adolescence and learnt their first vital lessons about becoming adults. Mikey, Sam, Lynn, Alice, Jimmy, and Sally are more like a family than just friends. One day, Sally suddenly stopped speaking to them and wouldn't explain why. Years later, Sally's suicide forces the Gunners back together for her funeral. All of them have secrets; they are reluctant to share secrets which mean they must reassess their happy memories and finally be honest about the reasons Sally left. This is a generous and poignant novel about the difficulty and the joy of being a true friend. *Atlanta Magazine*
