## Box Office This Week Returns:

Weekly return of births and deaths (infectious diseases, weather) in London (and other great towns).

Registrar-general,1857      **The Film Weekly** ,1962      Cinemas and Cinema-Going in the United Kingdom: Decades of Decline, 1945–65 Sam Manning,2020-03-31 Cinema going was the most popular commercial leisure activity in the first half of the twentieth century peaking in 1946 with 1 6 billion recorded admissions Though going to the pictures remained a popular pastime the transition to peacetime altered citizens leisure habits During the 1950s increased affluence the growth of television ownership and the diversification of leisure led to rapid declines in attendance Cinema attendances fell in all regions but the speed nature and extent of decline varied widely across the United Kingdom By linking national developments to detailed case studies of Belfast and Sheffield this book adds nuance to our understanding of regional variations in film exhibition audience habits and cinema going experiences during a period of profound social and cultural change Drawing on a wide range of quantitative and qualitative sources Cinema and Cinema Going conveys the diverse nature of this important industry and the significance of place as a determinant of film attendance in post war Britain

Audiences Ian Christie,2025-10-01 This timely volume engages with one of the most important shifts in recent film studies the turn away from text based analysis towards the viewer Historically this marks a return to early interest in the effect of film on the audience by psychoanalysts and psychologists which was overtaken by concern with the effects of film linked to calls for censorship and moral panics rather than to understanding the mental and behavioral world of the spectator Early cinema history has revealed the diversity of film viewing habits while traditional box office studies which treated the audience initially as a homogeneous market have been replaced by the study of individual consumers and their motivations Latterly there has been a marked turn towards more sophisticated economic and sociological analysis of attendance data And as the film experience fragments across multiple formats the perceptual and cognitive experience of the individual viewer who is also an auditor has become increasingly accessible With contributions from Gregory Waller John Sedgwick and Martin Barker this work spans the spectrum of contemporary audience studies revealing work being done on local non theatrical and live digital transmission audiences and on the relative attraction of large scale domestic and mobile platforms      Family Fictions Sarah Harwood,1997-06-12 Family Fictions explores images and narratives of the family in recent Hollywood cinema This is the first in depth analysis of this important topic which explores how problematic representations of the family were in a period when the family was a pivotal political and social issue Through close textual analysis of the biggest box office hits of recent years this book demonstrates the volatility of family representations and the instability of its narrative and ideological functions Well known films discussed include Kramer versus Kramer E T and Look Who s Talking      *The Official Illustrated Guide to the Great Eastern Railway (Cambridge Line)* George S. Measom,1865      **Railway Record** ,1884      **The Commercial & Financial Chronicle** ... ,1887      Latinx Ciné in the Twenty-First Century Frederick Luis

Aldama,2019-09-24 Today's Latinx motion pictures are built on the struggles and victories of prior decades. Earlier filmmakers threw open doors and cleared new paths for those of the twenty-first century to willfully reconstruct Latinx epics as well as the daily tragedies and triumphs of Latinx lives. Twenty-first-century Latinx film offers much to celebrate but, as noted pop culture critic Frederick Luis Aldama writes, there's still room to be purposefully critical. In *Latinx Cinema in the Twenty-First Century*, contributors offer groundbreaking scholarship that does both: bringing together a comprehensive presentation of contemporary film and filmmakers from all corners of Latinx culture. The book's seven sections cover production techniques and evolving genres; profile those behind and in front of the camera; and explore the distribution and consumption of contemporary Latinx films. Chapters delve into issues that are timely, relevant, and influential, including representation or the lack thereof, identity and stereotypes, hybridity, immigration and detention, historical recuperation, and historical amnesia. With its capacious range and depth of vision, this timeless volume of cutting-edge scholarship blazes new paths in understanding the full complexities of twenty-first-century Latinx filmmaking.
