Rudransh Sharma**

Memes Today Compare:

Genes Vs. Memes Walter A. Koch, 1986 Memonomics Said Dawlabani, 2013-09 The term vMEME the superscript v is for value refers to a core value system expressed through a culture's memes i.e. its ideas habits and cultural preferences and practices that spread from person to person In MEMEnomics Said E Dawlabani reframes our economic history and the future of capitalism through the unique prism of a culture's value systems Focusing on the long term effects of economic policies on society he expands psychologist Clare W Graves concepts of the hierarchical nature of human development and the theories of value systems of Beck and Cowan's Spiral Dynamics He presents our economic history in terms of the hierarchy of five of the eight value systems or vMEMEs of human existence that we can now identify These new value preferences emerge as people interact with their environment to solve the problems of their life conditions *The Social Media Reader* Michael Mandiberg, 2012-03 Hashtags and Handcuffs: Free Speech vs. Online Defamation A Legal and Social Examination of Digital Discourse and Accountability in India Ayushi Vashisht, Aman Sonkar, Rudransh Sharma, 2025-07-25 **Truth vs. Falsehood** David R. Hawkins, MD/PHD, 2013-08-01 Truth Vs Falsehood a breakthrough in documenting a new era of human knowledge Only in the last decade has a science of Truth emerged that for the first time in human history enables the discernment of truth from falsehood Presented are discoveries of an enormous amount of crucial and significant information of great importance to mankind along with calibrations of historical events cultures spiritual leaders media and more In this cutting edge presentation the author shares with the reader the simple instantaneous technique that like litmus paper differentiates truth from falsehood in a matter of seconds Truth and Reality as the author states have no secrets and everything that exists now or in the past even a thought is identifiable and calibratable forever from the omnipresent field of Consciousness itself *The SAGE Handbook of Social Media Marketing* Annmarie Hanlon, Tracy L. Tuten, 2022-06-16 Social media marketing has become indispensable for marketers who utilize social media to achieve marketing objectives ranging from customer care to advertising to commerce This Handbook explores the foundations and methodologies in analysing the important aspects of social media for organisations and consumers It investigates critical areas concerning communities culture communication and content and considers social media sales This Handbook brings together the critical factors in social media marketing as the essential reference set for researchers in this area of continued growth It is essential reading for postgraduate students researchers and practitioners in a range of disciplines exploring the area Part 1 Foundations of Social Media Marketing Part 2 Methodologies and Theories in Social Media Part 3 Channels and Platforms in Social Media Part 4 Tools Tactics and Techniques in Social Media Marketing Part 5 Management and Metrics in Social Media Part 6 Ethical Issues in Social Media The Language of Jokes in the Digital Age Delia Chiaro, 2017-11-23 In this accessible book Delia Chiaro provides a fresh overview of the language of jokes in a globalized and digitalized world The book shows how while on the one hand the lingua cultural nuts and bolts of jokes have remained unchanged over time on the other the time

space compression brought about by modern technology has generated new settings and new ways of joking and playing with language The Language of Jokes in the Digital Age covers a wide range of settings from social networks e mails and memes to more traditional fields of film and TV especially sitcoms and game shows and advertising Chiaro s consideration of the increasingly virtual context of jokes delights with both up to date examples and frequent reference to the most central theories of comedy This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics The Illusion of God's Presence

John C. Wathey, 2016-01-12 An essential feature of religious experience across many cultures is the intuitive feeling of God s presence More than any rituals or doctrines it is this experience that anchors religious faith yet it has been largely ignored in the scientific literature on religion Starting with a vivid narrative account of the life threatening hike that triggered his own mystical experience biologist John Wathey takes the reader on a scientific journey to find the sources of religious feeling and the illusion of God s presence His book delves into the biological origins of this compelling feeling attributing it to innate neural circuitry that evolved to promote the mother child bond Dr Wathey a veteran neuroscientist argues that evolution has programmed the infant brain to expect the presence of a loving being who responds to the child s needs As the infant grows into adulthood this innate feeling is eventually transferred to the realm of religion where it is reactivated through the symbols imagery and rituals of worship The author interprets our various conceptions of God in biological terms as illusory supernormal stimuli that fill an emotional and cognitive vacuum left over from infancy These insights shed new light on some of the most vexing puzzles of religion like the popular belief in a god who is judgmental and punishing yet also unconditionally loving the extraordinary tenacity of faith the greater religiosity of women relative to men religious obsessions with sex the mysterious compulsion to pray the seemingly irrepressible feminine attributes of God even in traditionally patriarchal religions and the strange allure of cults Finally Dr Wathey considers the hypothesis that religion evolved to foster reproductive success arguing that in an age of potentially ruinous overpopulation magical thinking has become a luxury we can no longer afford one that distracts us from urgent threats to our planet Deeply researched yet elegantly written in a jargon free and accessible style this book presents a compelling interpretation of the evolutionary origins of spirituality and religion

The Skeptic Encyclopedia of Pseudoscience Michael Shermer, 2002-11-14 A thorough objective and balanced analysis of the most prominent controversies made in the name of science from the effectiveness of proposed medical treatments to the reality of supernatural claims Annotation For decades the Skeptics Society has been examining supernatural and extrascientific claims and publishing their findings in Skeptic magazine This two volume set contains a number of articles from that publication along with new material In volume one 59 alphabetical entries introduce the reader to scientific research on phenomena such as crop circles astrology the Shroud of Turin and witchcraft Twenty three articles examine more closely such topics as homeopathy the origins of the pyramids and the search for Atlantis Case studies debates

and a selection of historical documents are found in volume two **"Und Mose schrieb dieses Lied auf"** Oswald Loretz,1998 **Proceedings of NELS.** North Eastern Linguistic Society. Meeting,1999 NELS North Eastern Linguistic Society. Meeting,1999 **Ingénierie Juridique Et Le Droit Comparé** Eleanor Cashin-Ritaine,2008 **New Comparison** ,1988 The Climate Change Challenge and the Failure of Democracy David Shearman,Joseph Wayne Smith,2007-08-30

This provocative book presents compelling evidence that the fundamental problem behind environmental destruction and climate change in particular is the operation of liberal democracy Climate change threatens the future of civilization but humanity is impotent in effecting solutions Even in those nations with a commitment to reduce greenhouse emissions they continue to rise This failure mirrors those in many other spheres that deplete the fish of the sea erode fertile land destroy native forests pollute rivers and streams and utilize the world s natural resources beyond their replacement rate In this provocative book Shearman and Smith present evidence that the fundamental problem causing environmental destruction and climate change in particular is the operation of liberal democracy Its flaws and contradictions bestow upon government and its institutions laws and the markets and corporations that provide its sustenance an inability to make decisions that could provide a sustainable society Having argued that democracy has failed humanity the authors go even further and demonstrate that this failure can easily lead to authoritarianism without our even noticing Even more provocatively they assert that there is merit in preparing for this eventuality if we want to survive climate change They are not suggesting that existing authoritarian regimes are more successful in mitigating greenhouse emissions for to be successful economically they have adopted the market system with alacrity Nevertheless the authors conclude that an authoritarian form of government is necessary but this will be governance by experts and not by those who seek power There are in existence highly successful authoritarian structures for example in medicine and in corporate empires that are capable of implementing urgent decisions impossible under liberal democracy Society is verging on a philosophical choice between liberty or life But there is a third way between democracy and authoritarianism that the authors leave for the final chapter Having brought the reader to the realization that in order to halt or even slow the disastrous process of climate change we must choose between liberal democracy and a form of authoritarian government by experts the authors offer up a radical reform of democracy that would entail the painful choice of curtailing our worldwide reliance on growth economies along with various legal and fiscal reforms Unpalatable as this choice may be they argue for the adoption of this fundamental reform of democracy over the journey to authoritarianism **Mycological Notes** Curtis Gates Lloyd,1898 *Unification Et Le Droit Comparé Dans la Théorie Et la Pratique* J. G. Sauveplanne,1984-06-06 **Annual Editions** Karen L. Freiberg,2001-11 This annually updated reader is a compilation of carefully selected articles from magazines newspapers and journals Topics covered include genetic and parental influences on development development during infancy and early childhood and many others This title is supported by Dushkin Online www.dushkin.com online a student Web site that provides study support and tools and links to related
