Science Experiments Today:

The Ethics of Today's Science and Technology Wenchao Li,Hans Poser,2008 Beneath the discussion and clarification of problems of which both sides agreed to have them in common and which are documented in this volume one of the important insights on both sides had been disagreements depending on a different way in seeing articulating and reflecting on these problems So the English term science in differing from the German Wissenschaft which includes not only sciences of nature but also humanities is meant in the Western tradition as the uninterested research for truth especially for most general laws but the Chinese understanding seems to be characterized by an immediate connection of science and its practical use **National Science Research Data Processing and Information Retrieval System, Hearings Before the General Subcommittee on Education....91-1, on H.R. 8809, April 29, 30, 1969** United States.
