**The Balkan Games and Balkan Politics in the Interwar Years 1929 - 1939** Penelope Kissoudi, 2013-10-18 The Balkan Games resulted on the one hand from the growth of modern European sport and the unsatisfactory performances of the Balkan athletes at national and international level and on the other hand from a desire to bring the Balkan peoples together in peace and concord The Games were initiated in Athens in 1929 and increasingly became an integral part of the political cultural and social life of the area The common global reality is that when an athletic event is staged attempted friendship seldom receives priority In the 1930s however the Balkan Games provided a rare example of an international athletic event bringing antagonistic states together in friendship This consideration of the significance of the Balkan Games as an instrument of political optimism provides clear evidence of the occasional positive influence of sport in politics The work is a case study of interest to political and social scientists and to historians of Europe and sport This book was previously published as a special issue of the *International Journal of the History of Sport* *Sport and the European Avant-Garde (1900-1945)*, 2022-02-07 What has been the significance of sport for the European avant garde in the first half of the 20th century From an international and interdisciplinary perspective we show the extent to which avant garde art and culture was shaped by the dynamic encounter with modern sports Our focus lies on avant garde artists groups movements and institutions across Europe including Cubism Futurism Vorticism Purism Expressionism Dada the Bauhaus Constructivism in Central and Eastern Europe thereby unfolding the diversity of avant garde responses to modern sports The book in front of you includes fascinating readings in the fields of aesthetics visual cultures cultural history and politics and highlights why specific kinds of sport such as cycling boxing and football became important for avant garde movements and artists

**Manufacturing Masculinity** Peter Horton, 2017 This tribute to Professor J A Tony Mangan is well deserved Professor Mangan is a path breaking scholar Mangan s impact is measurable in the rarest of ways institution building Under his leadership a globally situated team has opened a new relationship between sport and the academy and I recommend *Manufacturing Masculinity The Mangan Oeuvre Global Reflections on J A Mangan s Studies of Masculinity Imperialism and Militarism* as yet again it offers a unique consideration of the relationship between sport and academy Professor John D Kelly University of Chicago Professor Mangan has since the early 1980s been one of the foremost international scholars within his chosen field of cultural history Over this period he has possibly more convincingly than any other international academic shown in his research how much sport and associated forms of competitive performance have not only reflected and reproduced but indeed sometimes also reformed and redirected fundamental political cultural and social structures and ideological transformative forces in modern civilisation Professor Henrik Meinander University of Helsinki Professor Mangan is widely and greatly respected in China as a scholar of international distinction he has made both direct and indirect contributions to Chinese scholarship especially regarding Chinese women and their long struggle for emancipation Finally

and I cannot stress this point too strongly a most important contribution has been his crystal clear and nuanced writing style much appreciated by Chinese who wish to write for the international scholastic world Professor Dong Jinxia Peking University No one has had a more influential role in or made a greater contribution to the cultural history of modern sport than Professor J A Mangan With his visionary pioneering monographs and many seminal edited collections and as founding editor of the series Sport in the Global Society with its numerous volumes and most especially as founding editor and editor of The International Journal of the History of Sport for some thirty years which he took from the original three numbers a year to eighteen numbers a year his contribution has been unparalleled Professor Roberta J Park University of California Berkeley

*The Bloomsbury Companion to the Philosophy of Sport* Cesar R. Torres, 2014-05-16 The Bloomsbury Companion to the Philosophy of Sport features specially commissioned essays from a team of leading international scholars The book by providing an overview of the advances in the philosophical understanding of sport and related practices serves as a measure of the development of the philosophy of sport but it also constitutes an expression of the discipline's state of the art The book includes a critical analysis of the historical development of philosophic ideas about sport three essays on the research methods typically used by sport philosophers twelve essays that address vital issues at the forefront of key research areas as well as four essays on topics of future disciplinary concern The book also includes a glossary of key terms and concepts an essay on resources available to researchers and practitioners an essay on careers opportunities in the discipline and an extensive annotated bibliography of key literature

**Serious Sport** J. A. Shaping the Superman J A Mangan, 2014-02-04 This is a study of masculinity as a metaphor and especially of the muscular male body as a moral symbol It explores the Nazi's preoccupation with the male body as an icon of political power

and the ideology and theories which propelled it      *Masculinity in the Modern West* Christopher E. Forth, 2008-09-16 Across the Western world crisis is the word most commonly used to describe the state of masculinity today but how new is this idea Can we identify a time when masculinity was actually stable and secure Masculinity in the Modern West engages with these questions by examining how traditional ideals about male physical prowess have clashed with the lifestyle changes that accompanied the rise of modern civilization since 1700 In countries like America Britain France Germany and Russia modernity bolstered male dominance in commerce politics technology and the world of ideas yet images of masculinity have continued to be haunted by the negative effects that polite cerebral consumerist and sedentary lifestyles might have on the minds and bodies of men Modernity thus exercises a double logic that supports male privilege while diminishing the physical difference used to legitimate that privilege By focusing on the male body this wide ranging study proposes that crises of masculinity may be structural and thus inescapable features of life in our world      *Shaping the Superman* J.
