Shaping Modern Times In Rural France:

Shaping Modern Times in Rural France Susan Carol Rogers, 1991-02-21 Challenging the notion that modernization is a homogenizing process Susan Rogers contends that in the course of large scale transformations communities often reproduce and strengthen distinctive cultural and social features To make this argument she focuses on the French farming community of Ste Foy during a period of rapid change 1945 75 Using ethnographic field data and archival material that she collected as a participant observer she finds an intriguing puzzle an allegedly archaic social form the ostal has become increasingly common in the community The ostal a type of family farm organized around an extended stem family household is a variant of the stem family systems associated with preindustrial southern Europe How have Ste Foyans continued to remake this archaic mode as their community grew more prosperous and more involved in national and international markets In showing how the specific identity of a community is reproduced rather than obliterated by modernization the author reveals dialectical relationships between structure and change history and culture and the centralized nation state and regional diversity This analysis addresses anthropologists historians and scholars interested in local politics and economic development

"Politique de la grandeur" versus "Made in Germany" Andreas Fickers, 2014-02-14 Am Beispiel der gescheiterten Bemühungen in Europa einen einheitlichen Farbfernsehstandard auszuhandeln thematisiert diese interdisziplinäre angelegte Studie die Komplexität internationaler Standardisierungsprozesse Gleichzeitig leistet sie einen innovativen Beitrag zu einer politischen Kulturgeschichte der Technik Technik wird als historisch gewachsene sozial konstruierte und symbolisch aufgeladene Kulturleistung verstanden Der historische Vergleich zwischen den beiden Hauptakteuren der Farbfernsehkontroverse Mitte der sechziger Jahre bietet einen erfrischenden Blick auf die Geschichte der deutsch französischen Beziehungen im Kontext europäischer Technikentwicklung

Fraternity

Among the French Peasantry Alan R. H. Baker, 2004-03-18 The individualism of the French peasantry during the nineteenth century has frequently been asserted as one of its most striking characteristics In this 1999 book Alan Baker challenges this orthodox view and demonstrates the extent to which peasants continued with traditional and developed new forms of collective action He examines representations of the peasantry and discusses the discourse of fraternity in nineteenth century France in general before considering specifically the historical development geographical diffusion and changing functions of fraternal voluntary associations in Loir et Cher between 1815 and 1914 Alan Baker focuses principally upon associations aimed at reducing risk and uncertainty and upon associations intended to provide agricultural protection A wide range of new voluntary associations were established in Loir et Cher and indeed throughout rural France during the nineteenth century Their historical geography throws new light upon the sociability upon the changing mentalities of French peasants and upon the role of fraternal associations in their struggle for survival

Religious Innovation in a Global Age

George N. Lundskow, 2017-02-10 Certain timeless questions rise and fall through changing social conditions scientific advances and cultural variation who am I How should I live What happens when I die In modern society traditions no longer integrate the individual into a larger spiritual community and so movements have risen to address the crisis of meaning in a rapidly changing world This collection of essays while considering variables of work class race and gender theoretically and empirically examines how diverse groups are trying to restore a sense of meaning through religious innovation The first group of essays considers new developments in theory framing critical inquiry into recent developments in religion and the larger quest for meaning The second section examines grass roots emancipation movements which seek an expanded role for the individual in both belief and practice Topics addressed include the dialectic between religious and secular values and norms anti-Semitism new evangelism Neopaganism on the internet Max Horkheimer's critical theory of religion Christian speed thrash metal music Islamic fundamentalism modernity and the role of women French tourist destination Rocamadour's competition between the Catholic shrine and secular attractions developments within the Polish Roman Catholic Church the Finnish Satanism scare of 1999 and Islam and politics in Turkey A bibliography completes each essay Instructors considering this book for use in a course may request an examination copy here

Seducing the French Richard F. Kuisel, 1993

When Coca Cola was introduced in France in the late 1940s the country's most prestigious newspaper warned that Coke threatened France's cultural landscape This is one of the examples cited in Richard Kuisel's engaging exploration of France's response to American influence after World War II In analyzing early French resistance and then the gradual adaptation to all things American that evolved by the mid 1980s he offers an intriguing study of national identity and the protection of cultural boundaries The French have historically struggled against Americanization in order to safeguard Frenchness What would happen to the French way of life if gaining American prosperity brought vulgar materialism and social conformity A clash between American consumerism and French civilisation seemed inevitable Cold War anti Communism the Marshall Plan the

Coca Cola controversy and de Gaulle's efforts to curb American investment illustrate ways that anti Americanization was played out Kuisel also raises issues that extend beyond France including the economic social and cultural effects of the Americanized consumer society that have become a global phenomenon Kuisel's lively account reaches across French society to include politicians businessmen trade unionists Parisian intelligentsia and ordinary citizens The result reveals much about the French and about Americans As Euro Disney welcomes travellers to its Parisian fantasyland and with French recently declared the official language of France to defend it from the encroachments of English Kuisel's book is especially relevant
