web topology optimization and casting perfect combination using topology optimization and structural simulation helps a casting company develop better products faster by thorsten schmidt technical director heidenreich harbeck ag moelln germany and boris lauber application engineer fe design gmbh karlsruhe germany

topological optimization by ansys 18 1 for the additive - Jun 16 2022

web feb 7 2022 the evolutions of ansys 18 1 notably the improvements made to high performance computing hpc will allow users to design faster and more intelligently from the very first stages of design fig 1 fig 1 comparison of the classical design approach and the design approach using topological optimization

study on kinematic structure performance and machining mdpi - Oct 21 2022

web apr 10 2023 in this study we used topology optimization for effective structural optimization designs the optimal conditions for topology optimization included lightweight structures which resulted in reduced structural deformation and increased natural frequency

structural topology optimization make your design better ansys - Apr 26 2023

web how topology optimization capabilities account for manufacturing constraints and can apply to multiple load cases and physics including modal and structural simulations how to expand a project to ansys mechanical for more advanced simulations and final validation
