**Business Review Weekly** ,2006     *The Business Environment* Paul Wetherly,Dorron Otter,2008 Designed specifically for students new to the study of business this book gives context to the subject in the range of environments in which business operates Part One introduces the environments through the well used PESTLE framework this structure ensures that the core political economic socio cultural technological legal and environmental influences on business are fully covered A range of themes is clearly presented in each chapter to ensure this approach does not over simplify the presentation of the business environment These themes are designed to demonstrate to the reader that business is diverse and complex and there are many inter relationships between the environments The themes also outline the factors which influence business

for example the diversity of business the complexity of the external environment and the interaction between business and its environment Part Two departs from the PESTLE framework and focuses on a range of contemporary issues relevant to each environment this enables the reader to access the theory through lively current debates These include the changing public sector corporate social responsibility and ethics globalization and work life balance There are interesting short cases and examples throughout as well as a longer case study at the end of each chapter cases include the Nintendo Wii BlackBerry Nike eBay Nokia EasyJet Toyota and the 2012 Olympics The analytical approach the text takes showing different opinions and perspectives and challenging key issues will stimulate lively discussion and debate Online Resource Centre A comprehensive Online Resource Centre provides all the teaching and learning materials needed to support each chapter removing the need for lecturers to look for additional seminar and test materials and giving students the resources they need to check and build upon their understanding Lecturers can track students progress and understanding using an online test bank of 300 questions offering immediate answers that can be customised and loaded on to the university s VLE Seminar activities can be based around the additional online case studies whilst lecturer s notes with outline answers and discussion points to accompany the review questions in the text provide a framework for class debate Students can test themselves using online multiple choice questions with feedback or the online flashcard glossary Weblinks to useful sites provide a quick resource for further research and web exercises guide the student to specific articles on the web accompanied by questions to stimulate critical thinking

*Business Driven Technology* Stephen Haag, Paige Baltzan, Amy Phillips, 2006 Takes a business first approach to improve students perception of the value of IS within the business discipline This perspective allows instructors to demonstrate how technology and systems support business performance and growth This work enables the instructor to adjust content according to their business or technical preferences
