Shame-Based Family Systems Maxine West,1992-01-01 **Shame-based Family Systems** Maxine West,1986 Angry Men and the Women who Love Them Paul Hegstrom,1999 Domestic abuse knows no boundaries Despite a dramatic increase in public awareness it defiantly rears its ugly head both physically and emotionally in the homes of the rich as well as the poor newlyweds as well as long married couples Christians as well as non Christians As written on back of the book

Clinical and Educational Interventions with Fathers Jay Fagan,Alan Hawkins,2018-10-24 Call on men s hidden strengths to help them become responsible fathers in even the most challenging circumstances Clinical and Educational Interventions with Fathers gives you fresh approaches for effective interventions with fathers Whether by calling on their faith to help them deal with the complexities of fatherhood or offering high tech interventions on the Internet these techniques help men find their strengths maintain their masculinity and learn to guide nurture and discipline with love and responsibility Instead of thinking of fathers as deficient the book emphasizes finding fathers strengths and potentials for growth It also respects the diversity of parenting styles among fathers from various ethnic racial and class backgrounds No man wants to be a bad father Nevertheless many men in our culture do not know how to care for the children they beget Trapped by stereotypes of masculine behavior and deprived of positive role models they find themselves trying to do the challenging work of fatherhood without the necessary resources information or support Clinical and Educational Interventions with Fathers offers positive approaches to helping men become responsible fathers including designing special techniques and programs to help fathers in prison and other challenging circumstances helping fathers manage anger developing therapeutic support groups for African American men offering Web based support for fathers training staff to recognize and respond to fathers unique needs finding legal tools to support fathers rights Reaching fathers has become an ever more urgent priority for practitioners as family structure and family life change Traditional social service programs for mothers tend not to work well with men s very different needs and attitudes Yet very little has been published on successful interventions with fathers Clinical and Educational Interventions with Fathers fills that gap and suggests promising new directions for further research in this field By offering positive tested ways to help men become responsible fathers this volume will help you improve their lives and the lives of their sons and daughters **Journal of Health Education** ,1999 Breaking the Cycle United States. Gender Inclusive Treatment of Intimate Partner Abuse John Hamel,2005-02-08 This breakthrough handbook for mental health professionals and educators offers practical hands on information for conducting assessments and providing treatments that take the entire family system into account Rich with research that shows women are abusive within relationships at rates comparable to men the book eschews the field s reliance on traditional domestic violence theory and treatment which favors violence interventions for men and victim services for women and ignores the dynamics of the

majority of violent relationships Thus the author identifies and measures protocols that help practitioners make accurate assessments for both men and women and then carefully selects the treatment modality and curricula for group couples and or individual work that will help clients break their particular cycle of violence while ensuring victim safety Subject Guide to Books in Print ,1993 I Don't Want to Talk About It Terrence Real,1999-03-11 A bestseller for over 20 years I Don t Want to Talk About It is a groundbreaking and hopeful guide to understanding and destigmatizing male depression essential not only for men who may be suffering but for the people who love them Twenty years of experience treating men and their families has convinced psychotherapist Terrence Real that depression is a silent epidemic in men that men hide their condition from family friends and themselves to avoid the stigma of depression s un manliness Problems that we think of as typically male difficulty with intimacy workaholism alcoholism abusive behavior and rage are really attempts to escape depression And these escape attempts only hurt the people men love and pass their condition on to their children This groundbreaking book is the pathway out of darkness that these men and their families seek Real reveals how men can unearth their pain heal themselves restore relationships and break the legacy of abuse He mixes penetrating analysis with compelling tales of his patients and even his own experiences with depression as the son of a violent depressed father and the father of two young sons Comprehensive Psychiatric Nursing Judith Haber,1982 This outstanding text and reference emphasizes the seamless continuity of psychiatric care as well as the variety of settings in which it is now provided As always your students get current and comprehensive information that s presented in a clear accessible visually stimulating format and is now more clinically relevant than ever For example the psychobiological bases of mental disorders and psychopharmacological interventions are now featured in a new chapter depicted in two exciting full color inserts and integrated throughout the book Books in Print ,1977 Intimate Violence Against Women Paula K. Lundberg-Love,Shelly L.
