Outstanding Early Years Provision in Practice - Book 2 Nicola Scade, 2019-10-30 This book aims to support EYFS practitioners and other childcare professionals to achieve outstanding creative provision using teaching ideas that are simple and easy to replicate. It contains detailed photographs of investigation activities, small world scenes, fine motor activities and much more, each accompanied by short captions explaining how achievable it is to take the provision to the next level by utilising everyday resources and getting inside the mind of a child. This book also features key questions for practitioners to ask themselves when setting up each activity, enabling them to reflect on the needs of the child across all seven areas of learning. Suitable for those working with children aged 3-5, the book would also be an excellent resource guide for students taking their PGCE course or any early years childcare course and EYTS qualification.

A Short Dictionary of Furniture John Gloag, 2022-10-24 Originally published in 1952 but enlarged and revised in 1969, this dictionary became a standard authoritative work of reference. It contains 2,612 entries and over 1,000 illustrations reproduced from contemporary sources and from drawings by Ronald Escott, Marcelle Barton and Maureen Stafford. The work is divided into 6 sections: the first and second concern the description and design of furniture; the third contains the entries; the fourth gives a list of furniture makers in Britain and North America; section five records books and periodicals on furniture and design; and the concluding section sets out in tabular form the periods with the materials used and types of craftsmen employed from 1100 to 1950.
