## Shelley Shadow:

Shelley's Visual Imagination Nancy Moore Goslee, 2011-06-23 Shelley's drafts and notebooks which have recently been published for the first time are very revealing about the creative processes behind his poems and show through illustrations and doodles an unexpectedly vivid visual imagination which contributed greatly to the effect of his poetry Shelley's Visual Imagination analyzes both verbal script and visual sketches in his manuscripts to interpret the lively personifications of concepts such as Liberty Anarchy or Life in his completed poems Challenging the persistent assumption that Shelley's poetry in particular and Romantic poetry more generally reject the visual for expressive voice or music this first full length study of the drafts and notebooks combines criticism with a focus upon bibliographic codes and iconic pages The product of years of close examination of these remarkable texts this much anticipated book will be of great value for all students of Shelley and all those interested in the Romantic process of creation

**Sky Lights - A Tale of Magic, Mystery and Mayhem** Barclay Baker, 2012-01-01 When characters from a well loved book appear in the real world Jack is confused Fact and fiction can't mix Can they His sister's chance remark on Facebook sparks a chain of events that sucks them into a plot involving celestial travel blood thirsty pirates seeking revenge a brilliant scientist who performs miracles a man eating crocodile under investigation and a life and death kidnapping situation Add a touch of fairy dust and the merest trace of gunpowder for an explosive mix that will have you turning the pages so fast sparks will fly That's Sky Lights
