Hunter, 2024-06-07 You might wonder why you need this book if you already have a financial professional looking after your investments The answer is simple Because it is highly probable that you are among the 90% of individual investors whose portfolios underperform their benchmarks destroying capital in the process This book can benefit you in two ways First it will give you tools to evaluate the quality of your investment advisory relationship How do you know that the investment advice you receive is the best possible Measure your investment process against the standards of practice provided in this book Second The Investors Advocate provides tools for you to use to make more money over time A great deal more And reduce risk while you do Most portfolios significantly underperform destroying capital because of mistaken assumptions policies practices and processes Author

Payson Hunter has crafted the one guide that you need to ensure this doesn't happen to you. The Investors Advocate examines the primary issues that hurt investors including over diversification and then shares the philosophy and processes needed to be a successful investor. This includes creating a Statement of Investment Objectives, a Financial Plan and Investment Policy Statement for you to direct your financial advisor. In addition, Hunter explains the characteristics of a great investment candidate and how using the Graham Formula can help investors estimate the value of securities, enabling the investor to focus on finding great investments at discounted prices that provide wide margins of safety to help protect capital and enhance returns. The proprietary Deals of the Dow investment strategy is an example of how to identify opportunity. After reading this book and incorporating the tips and tools provided, you will have what you need to be in control of your investment advisory relationship and ensure your portfolio is travelling the path to financial independence.

**Banking Beyond Banks and Money** Paolo Tasca, Tomaso Aste, Lorian Pelizzon, Nicolas Perony, 2016-09-01. Do you know how banking and money will look like in the new digital age? This book collects the voices of leading scholars, entrepreneurs, policy makers and consultants who through their expertise and keen analytical skills are best positioned to picture from various angles the ongoing technological revolution in banking and finance. You will learn how lending and borrowing can exist without banks, how new forms of money can compete to better serve different society needs, how new technologies are banking the unbanked communities in the poorest parts of the world and how ideas and small projects can be financed by the crowds without the need to rely upon banks. You will learn how in the new digital age we will interact with new self-organised and autonomous companies that operate without any human involvement based on a set of programmed and incorruptible rules. You will learn that new

business models will emerge thanks to technology enabled platforms upon which one can build new forms of non hierarchical cooperation between strangers And you will also learn that new forms of risks and threats are emerging that will destabilise our systems and jeopardise the stability of our financial order      **The Value Line Investment Survey ,2007**
