Collection Management in Sci-tech Libraries Ellis Mount, 1989

*Electronic Resources and Services in Sci-Tech Libraries* Mary Schlembach, William Mischo, 2014-04-23 Advanced technology is indistinguishable from magic Arthur C Clarke This well researched book makes sense of the new advances in electronic services and resources available to science and technology libraries It will familiarize you with the latest collection development reference service and information service technologies Inside you ll find case studies examples of successful implementations of emerging information technologies helpful tables and figures screen shots and more In addition to bringing you up to date on the latest trends in the area *Electronic Resources and Services in Sci Tech Libraries* will provide you with essential background information on these important technologies With *Electronic Resources and Services in Sci Tech Libraries* you ll learn how the University of Arizona Libraries access remote electronic resources how journal articles containing complex mathematics are published on the Web including the latest developments in MathML PDF OpenMath and more how the e resource registry approach can be integrated with existing custom Web based services how to use user centered criteria to evaluate electronic journals how to use e prints electronic preprints to break the stranglehold that journal publishers have over science libraries how to get the most from electronic reserves with tips and techniques for implementing an e reserves service negotiating copyright issues and more how to implement a successful current awareness services program how the next generation of library portals will impact sci tech libraries and much more

**The Role of Conference Literature in Sci-Tech Libraries** Ellis Mount, 1989 Most librarians working with sci tech collections are fully aware of the importance of conference papers and proceedings which has long played a major role in keeping professionals informed of the latest developments in their field In this essential new book responsible executives from several publishers of conference literature have joined with a number of sci tech librarians to discuss the nature and value of conference literature in sci tech libraries A commercial publisher discusses the difficulties in editing a set of conference papers in a book while producers of indexing abstracting tools describe their selection methods retrieval services and general outlook on conference materials In addition sci tech librarians address the problems of accessing citing and locating conference literature and

explore the many aspects of the cataloging of conference publications

**The Role of Trade Literature in Sci-tech Libraries** Ellis Mount, 1990 Here is a unique volume on the relationship between sci tech materials and trade literature commonly called manufacturers catalogs Because very little has been published about the value and nature of trade literature in regard to sci tech libraries this volume will be important in informing librarians about a little known segment of the larger picture of sci tech information sources thus adding to the value of their services to their clients The Role of Trade Literature in Sci Tech Libraries addresses the problems of handling sci tech trade literature in a corporate technical library a large public library and a government library devoted to American history Experts offer practical advice on selecting and organizing trade literature and on managing the growth and extent of a collection of trade literature They discuss modern literature and older publications which often have great historical value Libraries that collect both old and new materials are identified as are publishers of trade literature The book also focuses on how a publisher of classic trade literature views its role Of interest to any professional in the information science field this practical volume will be particularly valuable to managers of corporate sci tech libraries managers of library collections in Americana and beginning librarians who are learning about trade literature

**Sci-Tech Library Networks Within Organizations** Ellis Mount, 1988 This fascinating volume offers thorough descriptions of sci tech library networks in which their members have a common sponsorship or ownership Library networks exist in such great quantity and diversity now that it is not difficult to identify many types of them Corporate library networks AT T Xerox and General Electric and federal government networks NASA and FEDLINE are the focus here as the authors present the history development and activities of these networks A library network for health sciences libraries that use OCLC is also scrutinized

Role of Standards in Sci-Tech Libraries Ellis Mount, 2014-01-14 Required reading for any librarian who has been asked to identify standards and specifications this unique new book highlights the importance of standards in many sci tech libraries Collections of standards in sci tech libraries encompass a great variety from the most narrow subject fields to those covering many and from collections of American standards only to those with an international array Role of Standards in Sci Tech Libraries addresses the need for standards in libraries and provides crucial guidelines for developing standards collections The first chapter describes the operation and collections of the ideal service that could be established to serve those needing standards and to promote the use and collection of standards A helpful list of foreign and domestic organizations that issue standards is included Successive chapters explore the role of standards in different types of libraries a public library s science and technology department a corporate library an academic library and the library of the National Institute of Standards and Technology NIST The final chapter addresses the role of Information Handling Services IHS a commercial source of all types of standards discusses the range of standards services and explains how information is acquired

*Sci-Tech Libraries Serving Zoological Gardens* Ellis Mount, 1988 In response to the general lack of information about zoo libraries Editor Ellis Mount has compiled a fascinating collection of

descriptions of the libraries serving six American zoos The accounts of zoo libraries in this unique book include the National Zoological Park in Washington DC the Lincoln Park Zoo in Chicago and the Minnesota Zoological Garden Library in St Paul The contributors detail the types of collections and services offered at zoo libraries In addition a survey made of 78 American zoo libraries is included including information about their staffs facilities collections and services as well as data on 32 archive collections

**Library Hi Tech Bibliography** ,1988      **Bulletin of the Medical Library Association** Medical Library Association,1987      *Subject Guide to Books in Print* ,1991      *Unesco and Library Development Planning* J.
