Crothers,2018-01-11 Excerpt from Ralph Waldo Emerson How to Know Him The mind of Emerson was a searchlight revealing not itself but the various objects on which it successively turned An intense and narrow beam of light would shoot through the darkness and reveal some object Then it would pick up another Ob j ect which would have its brief moment of visibility The landscape was never revealed in any one view The only way to know Emerson is to join him in his intellectual exercises In Spite of his per sonal aloofness I know of no one with whom we can more readily come to a feeling of intellectual intimacy He had no pretensions and no reserves In clear sentences he told us what from time to time he thought He made no attempt to connect these thoughts into a coherent system For any one else to attempt to do this would be to misrep resent him About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve
