Ramparts We Watch A Study Of The Problem:

Bedrohliche Nähe Uwe Lübken, 2004 Mit der scheinbar unaufhaltsamen räumlichen Expansion des NS Staates in Europa wurde in den USA die Frage immer lauter diskutiert welche Konsequenzen dieser Prozess für die westliche Hemisphäre haben werde Dabei richtete sich der Blick besonders auf Lateinamerika Militärisch allem Anschein nach über die Meerenge zwischen Westafrika und Brasilien leicht verwundbar intern vermeintlich geschwächt durch die Wahlen der deutschen Offiziers Kolonne und zudem anfallig für ökonomische und politische Avancen der Achsenmächte erschienen die Staaten südlich des Rio Grande vielen US Amerikanern als Achillesferse des Doppelkontinents Die mit dem Imelmann Preis der Universität zu Köln ausgezeichnete Arbeit untersucht auf breiter Quellenbasis den Realitätsgehalt dieser Bedrohungswahrnehmung erörtert deren Funktion und Bedeutung für die interventionistische Globalstrategie Roosevelts und unterzieht die dabei verwendeten räumlichen und ideologischen Konstruktionen einer kritischen Analyse Darüber hinaus werden die US amerikanischen Gegenmaßnahmen dargestellt insbesondere im Bereich der Kulturpolitik in Lateinamerika Gedruckt mit Unterstützung der Gerda Henkel Stiftung *Journal of the United States Artillery*, 1938 *Island at War* Jorge Rodriguez Beruff, Jose L. Bolivar Fresneda, 2015-05-01 Despite Puerto Rico being the hub of the United States's naval response to the German blockade of the Caribbean there is very little published scholarship on the island's heavy involvement in the global conflict of World War II Recently a new generation of scholars has been compiling interdisciplinary research with fresh insights about the profound wartime changes which in turn generated conditions for the rapid economic social and political development of postwar Puerto Rico The island's subsequent transformation cannot be adequately grasped without tracing its roots to the war years *Island at War* brings together outstanding new research on Puerto Rico and makes it accessible in English It covers ten distinct topics written by nine distinguished scholars from the Caribbean and beyond Contributors include experts in the fields of history political science sociology literature journalism communications and engineering Topics include US strategic debate and war planning for the Caribbean on the eve of World War II Puerto Rico as the headquarters of the Caribbean Sea frontier war and political transition in Puerto Rico the war economy of Puerto Rico the German blockade of the Caribbean in 1942 and the story of a Puerto Rican officer in the Second World War and Korea With these essays and others *Island at War* represents the cutting edge of scholarship on the role of Puerto Rico and the Caribbean in World War II and its aftermath *The Ghost at the Feast* Robert Kagan, 2024-04-04 An NPR Book of the Year At the dawn of the twentieth century the United States was one of the world's richest most populous most technologically advanced nations It was also a nation divided along numerous fault lines with conflicting aspirations and concerns pulling it in different directions And it was a nation unsure about the role it wanted to play in the world if any Americans were the beneficiaries of a global order they had no responsibility for maintaining Many preferred to avoid being drawn into what seemed an ever more competitive conflictual and militarized international environment However many also were eager to see the United States taking a share

of international responsibility working with others to preserve peace and advance civilization The story of American foreign policy in the first four decades of the twentieth century is about the effort to do both to adjust the nation to its new position without sacrificing the principles developed in the past as one contemporary put it This would prove a difficult task The collapse of British naval power combined with the rise of Germany and Japan suddenly placed the United States in a pivotal position American military power helped defeat Germany in the First World War and the peace that followed was significantly shaped by a U S president But Americans recoiled from their deep involvement in world affairs and for the next two decades they sat by as fascism and tyranny spread unchecked ultimately causing the liberal world order to fall apart America s resulting intervention in the Second World War marked the beginning of a new era for the United States and for the world Brilliant and insightful *The Ghost at the Feast* shows both the perils of American withdrawal from the world and the price of international responsibility
