Penick-Parks, Suzanne Fondrie, 2015-03-23 Service Learning and Civic Engagement A Sourcebook focuses on historical philosophical social foundations practices and models of service learning and civic engagement The title offers practical jargon free chapters applicable to any educational institution as well as community organizations that might consult the work Key Features Practical jargon free chapters applicable to any educational institution as well as community organizations that might consult the work 58 signed chapters are organized into thematic parts such as Concepts Theoretical Approaches Historical Social Foundations The Role of Service Learning in Higher Education The Role of the Community Lessons Learned Future Directions etc Thematic parts provide a practical sampling of syllabi lesson plans activities and resources and online websites and databases supporting service learning Glossary key terms commonly used in discussions and research on service learning and civic engagement Bibliography of sources consulted in production of the volume This Sourcebook is a scholarly source ideal for any educational institution and academic library as well as public libraries and community organizations that might consult the work on historical philosophical social foundations practices and models of service learning and civic engagement

**Creating Our Identities in Service-Learning and Community Engagement** Shelley H. Billig, Barbara A. Holland, Barbara E. Moely, 2009-11-01 In this volume in the IAP series on Advances in Service Learning Research top researchers present recent work studying aspects of program development student and community outcomes and future research directions in the field of service learning and community engagement These chapters selected through a rigorous peer review process are based on presentations made at the annual meeting of the International Research Conference on Service Learning and Community Engagement held in October 2008 in New Orleans This volume features efforts in research and practice to support and expand service learning and engaged scholarship in both K 12 and higher education Models of effective partnerships between institutions of higher education and their community partners are developed in chapters looking at relationships between campus and community in terms of partnership identity or in terms of shared understanding by campus and community partners Outcomes for K 12 and college students engaged in service learning are the focus of several studies The impact of high quality service learning on K 12 student achievement and school related behaviors is described Racial identity theory provides a useful frame for understanding developing student conceptualizations while another chapter emphasizes aspects of self exploration and relationship building as bases for gains in student attitudes and skills In a final section chapters deal with service learning and community engagement as a coherent research field with a distinct identity reviewing current work and proposing directions for future research

**Research on Service Learning** Robert G. Bringle, Julie A. Hatcher, Patti H. Clayton, 2023-07-03 The purpose of this set is to improve service learning research and practice through strengthening its theoretical base Contributing authors include both well

known and emerging service learning and community engagement scholars as well as scholars from other fields The authors bring theoretical perspectives from a wide variety of disciplines to bear as they critically review past research describe assessment methods and instruments develop future research agendas and consider implications of theory based research for enhanced practice This set constitutes a rich resource that suggests new approaches to conceptualizing understanding implementing assessing and studying service learning Each chapter offers recommendations for future research Research on Service Learning Conceptual Frameworks and Assessment will be of interest to both new and veteran service learning instructors seeking to enhance their practice by integrating what has been learned in terms of teaching assessment and research Staff and faculty who are responsible for promoting and supporting service learning at higher education institutions evaluating community service programs and working with faculty to develop research on service learning will also find this volume helpful For scholars and graduate students reviewing and conducting research related to service learning this book is a comprehensive resource and a knowledge base about the processes and outcomes of innovative pedagogies such as service learning that will enable them to locate their own work in an expanding and deepening arena of inquiry Both volumes open with chapters focused on defining the criteria for quality research Volume 2A then begins with research related to students comprising chapters that focus on cognitive processes academic learning civic learning personal development and intercultural competence The concluding faculty section presents chapters on faculty development faculty motivation and faculty learning Volume 2B addresses community development and the role of nonprofit organizations in service learning It then focusses on institutions examining the institutionalization of service learning engaged departments and institutional leadership The final section on partnerships in service learning includes chapters on conceptualizing and measuring the quality of partnerships inter organizational partnerships and student partnerships Both volumes are also available separately

*Public Work and the Academy* Mark Norman Langseth, Mark Langseth, William M. Plater, Scott Dillon, 2004-07-15 Critical leadership role of the academic administrator strategies for institutionalizing service learning and civic engagement service learning as means of advancing educational reform faculty roles and rewards and strategies for employing service learning to add depth to the education process Eleven case studies highlighting strategies for advancing service learning and civic engagement drawn from two and four year institutions across the United States *Public Work and the Academy* encourages both reflection and action on the part of academic leaders and their faculty seeking to make service learning and civic engagement part of their unique campus contexts *Higher Education beyond Job Creation* Thomas A. Bryer, 2014-05-27 Higher education in the United States and elsewhere is being forced to respond to several disparate social and economic pressures social trust and connectedness is down empathy across citizens is deteriorating political awareness and participation are low and job prospects and financial security are sobering for many citizens even the college educated The response to these pressures is not to double down on one mission of higher education namely job creation Instead higher

education marching into the next decades requires an integrative approach that promotes job creation skill development citizen cultivation and knowledge dissemination all oriented towards strengthening communities and providing opportunity for all citizens to pursue the good life Across eight chapters this book provides historical and theoretical analyses of the role of higher education in society across these four missions as well as applied mini and extended case examples demonstrating how the four missions can be successfully integrated The extended cases consist of one pedagogy example a teaching initiative labeled joined up service learning that represents deep partnership between the university and community and an institutional design case of an academic research center and its work conducted in partnership with community stakeholders Recommendations are advanced for an integrated approach to performance funding of higher education institutions tenure and promotion expectations for faculty and graduation requirements for students among others Listen to the author speak on his book for the New Books in Education podcast <http://newbooksineducation.com> 2014 07 17 thomas a bryer higher education beyond job creation universities citizenship and community lexington books 2014
