Rape Within Marriage A Moral Analysis Delayed:

Sex and the Marriage Covenant John Kippley, 2014-01-23 The thesis of this book is that God intends that sexual intercourse should be at least implicitly a renewal of the marriage covenant From this it follows that the marriage covenant provides the criterion to evaluate the morality of every sexual act Thus the title Sex and the Marriage Covenant is an appropriate description of the book s contents Marriage comes into being by a couple unreservedly entering God s covenant of marriage contraceptive intercourse contradicts the very essence of the marriage covenant From these considerations Kippley developed the covenant theology of sexuality described in this book

Contemporary Controversies in Catholic Bioethics Jason T. Eberl, 2017-07-24 This volume comprises various viewpoints representing a Catholic perspective on contemporary practices in medicine and biomedical research The Roman Catholic Church has had a significant impact upon the formulation and application of moral values and principles to a wide range of controversial issues in bioethics Catholic leaders theologians and bioethicists have elucidated and marshaled arguments to support the Church s definitive positions on several bioethical issues such as abortion euthanasia and reproductive cloning Not all bioethical issues however have been definitively addressed by Catholic authorities and some Church teachings allow for differing applications in diverse circumstances Moreover as new biomedical technologies emerge Church authorities rely on experts in science medicine philosophy theology law and other disciplines to advise them Such experts continue to debate issues related to reproduction genetics end of life care and health care policy This volume will be a valuable resource for scholars in bioethics or Catholic studies who will benefit from the nuanced arguments offered based on the latest research This volume is also instructive for students entering the field to become aware of the founding philosophical and theological principles informing the Catholic bioethical worldview

Rape Within Marriage Edward J. Bayer, 1985 Traces the history and provides an analysis of the Catholic theological and moral position on the issue of rape within marriage from the early 1600s to the present Also addresses the issue of the right of a wife to use artificial means to avoid impregnation from rape within marriage Raises serious questions as to whether critics or defenders of Catholic moral doctrine have always gotten to the foundations of that doctrine

Violence Against Women and Children Carol J. Adams, Marie Fortune, 1995-11-01 Violence against women and children has reached epidemic proportions It cuts across all economic strata and is found in our urban centers and the farthest corners of the nation This is the only sourcebook on domestic violence for clergy and counselors

Battle-scarred: Justice Can Be Elusive John F. Kippley, 2011-03-23 John F Kippley shared various life experiences some of which he hopes are unique

Religion and Sexual Health: R.M. Green, 2013-03-14 Religious beliefs and attitudes have long been recognized as playing an important role in sexual functioning but the relationship between religion and sexual behavior has rarely been studied in a comprehensive way The essays in this volume bring the views of sex counsellors therapists theologians and bioethicists to bear on the relationship between religion and sexuality A major theme emerging from these essays is that

religion and counselling need to learn from one another Religious traditions at the popular or theological levels are often marked by ignorance and misinformation about sexuality and can benefit by the insights of those who work closely with patients in medical and counselling settings Counsellors in turn need to develop a sensitivity to past and present religious attitudes toward sexuality in order to assist their patients achieve sexual health **Sex, Violence, and Justice** Aline H. Kalbian, 2014-04-03 In 1968 Pope Paul VI published *Humanae vitae* the encyclical that reaffirmed the Catholic Church's continued opposition to the use of any form of artificial contraception In *Sex Violence and Justice* Contraception and the Catholic Church Aline Kalbian outlines the Church's position against artificial contraception as principally rooted in three biblical commandments In addition Kalbian shows how discourses about sexuality both in the Church and in culture are often tied to discourses of violence harm and social injustice These ties reveal that sexual ethics is never just about sex it is about the vulnerability of the human body and the challenges humans face in trying to maintain just and loving relationships As Kalbian explores and contrasts the Catholic Church's stance toward condoms and HIV AIDS emergency contraception in cases of rape and contraception and population control she underscores how contraception is not just a private decision but a deeply social cultural and political one with profound global implications Kalbian concludes that even the most tradition bound communities rely on justificatory schemes that are fluid and diverse Taking this diversity seriously helps us to understand how religious traditions change and develop *Sex Violence and Justice* will be of interest to students and scholars of Catholic moral theology sexual ethics religion and society gender and religion as well as to specialists and practitioners in public health **Rape Within Marriage** Edward J. Bayer, 2003-05-28 The Holy Father's teaching seeks to make clear that without a fundamental mutual respect and devotion any sexual act between a husband and wife is a counterfeit of the real thing Such an evil act is not what the Lord of Life wants human beings to contribute to the creation of a new life A woman who has no way to escape such abuse is morally justified in resorting to effective non abortifacient but medically effective means to avoid being impregnated The Way of the Lord Jesus: Living a Christian life Germain Gabriel Grisez, 1983

Handbook on Critical Sexual Issues Donald G. McCarthy, Edward J. Bayer, John A. Leies, 1989 *By No Extraordinary Means* Joanne Lynn, 1986 **Violence Against Women** Joan Nordquist, 1992 Marriage and Family, 2004

Revisioning the Past Mary Potter Engel, Walter E. Wyman, 1992 Probes various proposals and prospects for historical theology in light of recent scholarly trends The history of dogma has become distinct from historical theology which is less inclined to search the sources for justifications of present day doctrines The rise of social history has shifted the focus from the Great Thinkers to the lived religious experience of believers and previously neglected resources women minorities and so called heretics are being retrieved Health Care Ethics Benedict M.
