Ai Image Generator Near Me Clearance:

Controversial Encounters in the Age of Algorithms Sine N. Just, 2024-11-27 How can we have meaningful public conversations in the algorithmic age This book explores how digital technologies shape our opinions and interactions often in ways that limit our exposure to diverse perspectives and fuel polarization Drawing on the ancient art of arguing all sides of a case the book offers a way to revive public debate as a source of trust and legitimacy in democratic societies This is a timely and urgent book for anyone who cares about the future of democracy in the digital era

Algorithmic Culture Soonkwon Hong, Stefka Hristova, Jennifer Daryl Slack, 2020-11-24 Algorithmic Culture How Big Data and Artificial Intelligence are Transforming Everyday Life explores the complex ways in which algorithms and big data or algorithmic culture are simultaneously reshaping everyday culture while perpetuating inequality and intersectional discrimination Contributors situate issues of humanity identity and culture in relation to free will surveillance capitalism neoliberalism consumerism solipsism and creativity offering a critique of the myriad constraints enacted by algorithms This book argues that consumers are undergoing an ontological overhaul due to the enhanced manipulability and increasingly mandatory nature of algorithms in the market while also positing that algorithms may help navigate through chaos that is intrinsically present in the market democracy Ultimately Algorithmic Culture calls attention to the present day cultural landscape as a whole as it has been reconfigured and re presented by algorithms

Art Law Michael E. Jones, 2023-12-06 Between the countless works of art in the world and numerous laws on their care the task of deciphering correct procedure can seem daunting In Art Law A Concise Guide for Artists Curators and Museum Professionals Michael E Jones breaks down the legal language into a concise tool for all those involved in the art world While most art law books are written for law students or museum directors trustees and curators Jones book appeals to a far larger audience particularly undergraduate and graduate students studying art graphic design photography museum studies art education and art business It is also a useful research guide for museum professionals gallery directors foundation heads working professional visual fine artists and board trustee members Art Law distinguishes itself by providing a broad scope of art law in relation to the world of artists and those organizations that support preserve govern display and even sell art Covering topics such as acquisition grants and buying and selling this book takes a look at the ethical and legal issues and rights that confront the art community and museums Through case studies complete with images readers can see these topics in action Art Law is a must have guide for art educators museum studies students art law and business programs and artists looking for clear and readable descriptions and answers to the relevant legal issues facing the art world community This book is current through the Warhol Supreme Court decision of May 2023
