Schweiger, NA International Congress on Cell Biology, 2013-12-14 In September 1976 the International Federation for Cell Biology held its first congress in Boston On this occasion Berlin was chosen as the site for the next congress This meant an acknowledgement and at the same time a heavy burden for the still young European Cell Biology Organization which represents a junction of European societies and groups for cell biology In practical terms this meant that the members of the young and compared to the American Society for Cell Biology small German Society for Cell Biology had to do a good deal of the organizing of the Cell Biology Congress This is an opportunity for me as Chairman of the Organizing Committee and also on behalf of the German Society for Cell Biology to express my gratitude to all those who have actively participated in the preparations for this Cell Biology Congress The

success of the Congress in Berlin was to a significant extent due to their work In particular I would like to especially thank the Secretary General of ECBO Werner Franke Heidelberg as well as the Chairman of the Local Organizing Committee Peter Giesbrecht Berlin for the excellent job they did The Congress in Berlin proved to be significantly larger than that in Boston in 1976 The number of abstracts increased from 1200 to more than 1800 They have been published in the European Journal of Cell Biology In a similar way the number of symposia and workshops expanded *Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur* ,1981 *Deep-sea Biology* Gilbert T.
